Authentic Secondary Art Assessment Cathy Smilan, Richard Siegesmund, 2023-09-11 Offering a contemporary overview of how visual art teachers assess learning in their classrooms this book provides an outline of the role of assessment in reporting not only student achievement but also how student assessment ties to the intrinsic and external assessments of teacher performance Compiled using stories from the classrooms of 19 visual art high school teachers who share their approaches to benchmarking student success the text encourages teachers to consider assessment both for guiding their students to achieve artistic goals and for re envisioning their own curriculum and instruction The featured assessment snapshots fall along four strands Visual Narratives and Visual Literacy Capturing Empathic Understandings and Social Engagement Measuring Risk taking and Ingenuity and Assessing Collaborative and Integrated Learning Outcomes Across these sections teacher contributors offer different perspectives for student assessment capturing a snapshot of the work of skilled practitioners and focusing on various aspects of what can be evidenced and analyzed through formative and summative evaluation The voices of university level art educators are also included to expand the range of context from curriculum and instruction content that is covered in pre service art methods courses All sections also conclude with a summary questions and discussion points Including diverse teacher voices as well as presenting assessment perspectives with an eye to the National Core Art Standards NCAS this book is ideal for pre service and in service secondary art educators as well as for use in art education teacher certification courses that focus on secondary methods and art education graduate classes in assessment

Understanding Art in Primary Schools Les Tickle, 2014-01-14 Even the youngest children in primary schools are now required not only to make art but also to study it developing an understanding of the huge variety of

art and craft from different times and places But how do teachers actually tackle this when most have not studied art themselves This collection brings together case studies to show how a variety of teachers have used one particular art collection as a focus for practical art Throughout the voices of the children involved show us how they react to their encounters with art objects This wealth of first hand evidence and practical experience will benefit all teachers

Handbook of Research and Policy in Art Education Elliot W. Eisner, Michael D. Day, 2004-04-12 The Handbook of Research and Policy in Art Education marks a milestone in the field of art education Sponsored by the National Art Education Association and assembled by an internationally known group of art educators this 36 chapter handbook provides an overview of the remarkable progress that has characterized this field in recent decades Organized into six sections it profiles and integrates the following elements of this rapidly emerging field history policy learning curriculum and instruction assessment and competing perspectives Because the scholarly foundations of art education are relatively new and loosely coupled this handbook provides researchers students and policymakers both inside and outside the field an invaluable snapshot of its current boundaries and rapidly growing content In a nutshell it provides much needed definition and intellectual respectability to a field that as recently as 1960 was more firmly rooted in the world of arts and crafts than in scholarly research

The Invention of Art History in Ancient Greece Jeremy Tanner, 2006-03-23 The ancient Greeks developed their own very specific ethos of art appreciation advocating a rational involvement with art This book explores why the ancient Greeks started to write art history and how the writing of art history transformed the social functions of art in the Greek world It looks at the invention of the genre of portraiture and the social uses to which portraits were put in the city state Later chapters explore how artists sought to enhance their status by writing theoretical treatises and producing works of art intended for purely aesthetic contemplation which ultimately gave rise to the writing of art history and to the development of art collecting The study which is illustrated throughout and draws on contemporary perspectives in the sociology of art will prompt the student of classical art to rethink fundamental assumptions about Greek art and its cultural and social implications
