Der Spiegel Papst Pius Xii:

The Global Pontificate of Pius XII Simon Unger-Alvi, Nina Valbousquet, 2024-08-01 In 2020 the Vatican opened its archives for the pontificate of Pius XII 1939 1958 the pope that led the Catholic Church during WWII the Holocaust and the beginning of the Cold War The Global Pontificate of Pius XII brings together historians who were among the first to consult the previously unseen Vatican materials These long awaited records allow for an expansion of the current historiography beyond the pope s biography Methodologically the volume works to transcend the rigidity of religious history and engage with new approaches in global transnational and postcolonial history to re introduce questions surrounding religion into modern post war historiography

The Chief Rabbi, the Pope, and the Holocaust Wallace P. Sillanpoa, 2017-07-05 In February 1945 Israele Zolli chief rabbi of Rome s ancient Jewish community shocked his co religionists in Italy and throughout the Jewish world by converting to Catholicism and taking as his baptismal name Eugenio to honor Pope Pius XII Eugenio Pacelli for what Zolli saw as his great humanitarianism toward the Jews during the Holocaust Almost a half a century after his conversion Zolli still evokes anger and embarrassment in Italy s Jewish community This book is the first authoritative treatment of this astonishing story What induced Zolli to embrace Catholicism will probably never be known Nonetheless by painstaking scholarly detective work through interviews in Italy and elsewhere through the unearthing of private papers not previous known to exist and through the study of previous inaccessible archival materials the authors have succeeded in explaining why Zolli left the Jewish fold and joined the Catholic Church Like Zolli s rabbinical career Pius XII s long pontificate tells us much about the Church of Rome and its relationship to the Jewish people particularly with reference to the issue of conversion The authors focus on the pontiff s World War II policies vis A vis the Jews a subject that has been heatedly debated since Rolf Hochhuth s *The Deputy* was performed in the early 1960s What Pacelli knew about the extermination of the Jews and when he knew it what he said and failed to say are given special attention in this book Through the examination of previous scholarship and primary materials including Pius XI s encyclical on race and anti Semitism Pacelli s behavior is evaluated to determine if Zolli accurately gauged the Holy Father s efforts to save Jews This saga of the two Eugenios will interest historians of the Second World War and the Holocaust and students of history alike

The Battle for the Catholic Past in Germany, 1945-1980 Mark Edward Ruff, 2017-07-14 Mark Edward Ruff re examines the bitter controversies in the Federal Republic of Germany over the Catholic Church s relationship to the Nazis

The Critique of Religion and Religion's Critique , 2020-04-14 In *The Critique of Religion and Religion's Critique On Dialectical Religiology* Dustin J Byrd compiles numerous essays honouring the life and work of the Critical Theorist Rudolf J Siebert His dialectical religiology rooted in the critical theory of the Frankfurt School especially Theodor Adorno Max Horkheimer Walter Benjamin Herbert Marcuse Erich Fromm Leo L wenthal and J rgen Habermas is both a theory and method of understanding religion s critique of modernity and modernity s critique of religion Born out of the Enlightenment and its most important thinkers i e Kant Hegel Marx

Nietzsche and Freud religion is understood to be dialectical in nature It contains within it both revolutionary and emancipatory elements but also reactionary and regressive elements which perpetuate mankind s continual debasement enslavement and oppression Thus religion by nature is conflicted within itself and thus stands against itself Dialectical Religiology attempts to rescue those elements of religion from the dustbin of history and reintroduce them into society via their determinate negation As such it attempts to resolve the social political theological and philosophical antagonisms that plague the modern world in hopes of producing a more peaceful justice filled equal and reconciled society The contributors to this book recognize the tremendous contributions of Dr Rudolf J Siebert in the fields of philosophy sociology history and theology and have profited from his long career This book attempts to honour that life and work Contributors include Edmund Arens Gregory Baum Francis Brassard Dustin J Byrd Denis R Janz Gottfried K enzlen Mislav Kuko Michael R Ott Rudolf J Siebert Hans K Weitensteiner and Brian C Wilson

Repentance for the Holocaust C. K. Martin Chung, 2017-07-15 In *Repentance for the Holocaust* C K Martin Chung develops the biblical idea of turning tshuvah into a conceptual framework to analyze a particular area of contemporary German history commonly referred to as Vergangenheitsbew ltigung or coming to terms with the past Chung examines a selection of German responses to the Nazi past their interaction with the victims responses such as those from Jewish individuals and their correspondence with biblical repentance In demonstrating the victims influence on German responses Chung asserts that the phenomenon of Vergangenheitsbew ltigung can best be understood in a relational rather than a national paradigm By establishing the conformity between those responses to past atrocities and the idea of turning Chung argues that the religious texts from the Old Testament encapsulating this idea especially the Psalms of Repentance are viable intellectual resources for dialogues among victims perpetrators bystanders and their descendants in the discussion of guilt and responsibility justice and reparation remembrance and reconciliation It is a great irony that after Nazi Germany sought to eliminate each and every single Jew within its reach postwar Germans have depended on the Jewish device of repentance as a feasible way out of their unparalleled national catastrophe and unprecedented spiritual ruin

Der Spiegel Rudolf Augstein, 1958 **Nazis on the Run** Gerald Steinacher, 2012-08-23 This is the story of how Nazi war criminals escaped from justice at the end of the Second World War

by fleeing through the Tyrolean Alps to Italian seaports and the role played by the Red Cross the Vatican and the Secret Services of the major powers in smuggling them away from prosecution in Europe to a new life in South America The Nazi sympathies held by groups and individuals within these organizations evolved into a successful assistance network for fugitive criminals providing them not only with secret escape routes but hiding places for their loot Gerald Steinacher skillfully traces the complex escape stories of some of the most prominent Nazi war criminals including Adolf Eichmann showing how they mingled and blended with thousands of technically stateless or displaced persons all flooding across the Alps to Italy and from there to destinations abroad The story of their escape shows clearly just how difficult the apprehending of war criminals can be As Steinacher shows all the major countries in the post war world had mixed motives for their actions ranging from the shortage of trained intelligence personnel in the immediate aftermath of the war to the emerging East West confrontation after 1947 which led to many former Nazis being recruited as agents turned in the Cold War **DER**
