Designing Contemporary Congregations Strategies To Attract Those Under Fifty:

Designing Contemporary Congregations Laurene Beth Bowers, 2008 The task Bowers puts before congregations is design healthy contemporary congregations This can be achieved in three ways 1 blending traditional with contemporary trends 2 producing karmic balance as defined by Jesus the measure you give will be the measure you get and 3 allowing culture to influence organized religion in order to strengthen the connection between the two and to make them mutually receptive to the influence of the other Borrowing concepts from global religions and the new age movement she puts a new twist on blending contemporary and traditional ways of being church **BOOK JACKET** *Refilling the Church's Fountain of Youth* Nicholas A. Meade, 2015-03-23 Refilling the Church's Fountain of Youth is a must read for any individual who has a need for grasping a further understanding of why the decline is occurring within churches amongst the young adult population Therefore pastors church leaders and the emerging population are encouraged to add this work to their repertoire to further enhance their knowledge and wisdom of the challenges that exist within retention and attraction of young adults Additionally the work provides the example of a strong church community that understands the benefits of providing the young adults with support love and the freedom to develop into disciples without fear of judgment or contradiction Finally the work is designed to provide assistance to any denomination or church that has recognized the decline of membership as it relates to emerging adults It is indeed a necessary tool that can provide assistance and guidance for anyone working in the trenches of ministry from the foreword by Lori D Spears D Min This book offers a portable and repeatable model of ministry that crosses denominations and ethnic boundaries within the church Are you a pastor looking to improve your young adult ministry Are you a leader of a teaching ministry looking for ways to be more effective Are you a parent seeking to understand your young adult child's faith journey so that you can minister effectively Are you a seasoned Christian who wants to be equipped to engage with young adults inside and outside your congregation Then this book is for you **Transformative Worship** Laurene Beth Bowers, 2017-02-20 When people felt obligated to attend worship as in 1955 it didn't matter whether or not their religious needs were being met But since our culture has shifted to giving people a choice they are seeking something meaningful during worship something which helps them to change their lives In the church we talk a lot about changing people's lives but we do not articulate what it is that the church has to offer to those seeking to do so The author explores what happens during worship to provide a transformative experience and identifies which forms of worship are most conducive to this process The focus here is on small groups bible study and forms of interaction between and among leaders and worshippers For pastors and leaders discerning what forms of worship to experiment with in order to connect with seekers in their community and bring visitors back a second Sunday this book offers easy to implement practical ideas for church growth **Congregational Connections** Carroll Anne Sheppard, Nancy Burton Dilliplane, 2011-09-15 Congregational Connections challenges both clergy and lay leaders to become deeply sensitized

to the demographic reality of six separate generational cohorts being alive at once This is the first time in the worlds history that such a thing has happened to humans and none of us has the reality clear in our minds yet It takes work to analyze consciously what we are seeing when multiple generations are present We discover that we are quite happy when we see the expected three Elders Parents raising kids and the children themselves and we often fail to ask Who isnt here Demographers and marketers have created names for these six cohorts a cohort is a group of people born within a 20 or 25 year span who have some distinctive characteristics In America today we have Builders approximately ages 110 87 Silents 86 68 Boomers 67 51 48 GenXers 51 48 27 Millennials 27 11 and GenZ 10 and under The first three Builders Silents and Boomers are referred to in Congregational Connections as Olders and the second three GenX Millennials and GenZ are referred to as Youngers A great shift in worldview and preferred technologies separates Olders and Youngers Today five of these cohorts the youngest Builders Silents Boomers GenX and the oldest Millennials are playing adult roles in a world that recently seemed to be populated by Elders and Parents raising Children It is making everyone grumpy There does not seem to be psychological room for all these players The March 2011 cover of Philadelphia Magazine pictured a generic texting device with the following text Dear Baby Boomers Just die already Well take Philly from here Thanks XOXO Generation X In congregation after congregation Olders are wondering why the Youngers dont seem to be attending worship regularly Yet when they do come the Olders wish they would make their children stop texting and the parents would stop checking their cell phones Youngers are wondering why Olders want to have all these time wasting repetitive meetings and wont use e technologies to avoid them And why arent they being respected Congregational Connections offers a discussion of who these cohorts are and why they act the way they do Its nine chapters cover How We Got Here Six Different Cohort Experiences The Generational Divide Realities for Congregational Life Worship Christian Formation Programs and Space Community is Congregation and The Way Forward Hope The books aim is not only to have readers become aware of the six cohorts and their different attitudes and needs but also to offer insights through Congregational Moments case studies that let readers see how these realities play out in church life and suggest questions for discussion Why is it happening now In her book The Great Emergence Phyllis Tickle offers us a thesis that we are in the middle of the next Reformation These happen every five hundred years and take about 150 years to roll their paradigm shift of technology and worldview through society The last Reformation was fueled by printing technology that promoted widespread literacy and a worldview shift that supported increasing political democracy and social leveling The one that we are living through now is about electronic technology radio phone television computers internet and who knows and an even flatter social environment Those changes by themselves seem sufficient to make the Second Reformation happen Yet added to their pressures is the arrival of six generational cohorts on the worlds playing field Each cohort has its own identity but Olders and Youngers break into two different sides of the game Whats more by the time the Second Reformation finishes rolling through medical advances may

add several decades to the average lifespan Perhaps eight nine or even more generational cohorts will be alive together at its end Right now congr

The Divine Commodity Skye Jethani, 2009 The human imagination is the key battleground in the conflict between the kingdom of God and the consumer culture Drawing from the vivid imaginations of Impressionist painters particularly Vincent van Gogh each chapter of The Divine Commodity uses personal narrative biblical exposition and cultural observation to show how consumerism has shaped our faith and then challenges the reader to use their sanctified imagination to envision an alternative way of expressing the Christian life in our
