This volume features essential information on planning a project, assessing the audience, covering needs, creating performance-based objectives, when and if to use off-the-shelf programs, developing enabling objectives, pacing, creating activities, test running your program, and much more. The third volume, *Delivering Training Workshops*, contains best practices for scheduling, notifying participants, introducing the program, setting up the space, practicing the presentation, engaging the participants, establishing rapport, preparing materials, taking risks, facilitating discussions, creating action plans, following up on what is learned, and much more.

Evaluation Basics, 2nd Edition Donald V. McCain, 2016-06-27. Your training: Do they love it or live it? How do training professionals show the impact their programs are making? Positive feedback only goes so far in confirming success. And entertainment value, while important, isn't the truest measure of your effectiveness. To find out whether your participants are applying what they've learned on the job, you need a good evaluation strategy, one that connects evaluation to performance, program design, and bottom-line value. Each chapter of *Evaluation Basics* focuses on a critical aspect of developing and implementing an evaluation plan for a face-to-face or virtual training program. You'll not only learn about the

methods and instruments you can use to determine the value of your program but you'll also get help effectively communicating results Part of ATD's Training Basics series the second edition of Evaluation Basics offers practical examples worksheets and new case studies to further your understanding

Facilitation Basics, 2nd Edition Donald V.
