Desert War The North African Campaign 1940 1943:

The Desert War Alan Moorehead, 1968 Desert War Alan Moorehead, 2001 North Africa was the site of some of the most volatile battles of World War II For journalist Alan Moorehead it was war in its purest form a knight's tournament in empty space In Desert War which includes the complete texts of The Mediterranean Front A Year of Battle and The End of Africa Moorehead writes about what he saw He recounts with dazzling prose and intimate detail the heroes and legends the soldiers and prisoners the military strategies the strengths and weaknesses of those involved and portraits of generals Rommel Montgomery and Patton Woven throughout are observations on the landscape the Mediterranean shores and the vast desert which inevitably played a role in shaping the battles For Moorehead desert warfare resembled war at sea Men moved by compass No position was static Each truck or tank was as individual as a destroyer Written by a man who lived and breathed the conflict in North Africa during World War II Desert War is a eyewitness account and an inspired piece of writing by a master of his craft BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

The Desert War Alan Moorehead, 2013-04-01 The seminal account of the battle between Montgomery's Eighth Army and Rommel's Afrika Corps amidst the endless harsh wastes of the Western Desert In 1940 Alan Moorehead was sent to cover the North Africa campaign by the Daily Express and he followed its dramatic course all the way to 1943 The three books he subsequently wrote about the Desert War later collected as his African Trilogy were swiftly acclaimed as a classic account of the tussle between Montgomery's Eighth Army and Rommel's Afrika Corps under the beating sun of the Egyptian Sahara's Western Desert Moorehead was responsible for the celebrated insight that tank battles in the desert are like battles at sea the lumbering tanks like ships lost in a vast ocean of sand The New Statesman could not have put it better when it described his achievement with this riveting book There is something of genius in the breadth and penetration of his vision which encompasses the whole panorama of war and then narrows it down to the particular the soldier stubbing out his cigarette before going into action the expression on a tank commander's face as he is hit The story of the African campaigns will go down in history as one of the great epics of mankind largely thanks to Mr Moorehead's account **The Desert War** Alan Moorehead, 2017-03-08 Alan Moorehead was a peerless war correspondent who covered the entire war in North Africa from 1940 1943 The trilogy of books he wrote on the prolonged battles between Montgomery's Eighth Army and Rommel's Afrika Corps immediately drew universal acclaim and remains an epic account as extraordinary now as it was then This reissue of Alan Moorehead's classic trilogy on the North Africa campaign 1940 1943 will coincide with the 75th anniversary of the Battles for El Alamein in July and October 1942 **The War in North Africa, 1940-1943** Colin F. Baxter, 1996-03-30 Few of the major campaigns of World War II aroused as much controversy as the War in North Africa 1940 1943 Figures such as Rommel Montgomery and Eisenhower would become world famous because of the fighting in North Africa This book opens with seven historiographical essays that evaluate and critically assess the major contributions to the literature on the War in

North Africa It then includes an alphabetically arranged bibliography of the 504 entries cited in the essays The material is easily accessible with cross references between the text and the bibliography and a full index The volume includes chapters on the Desert War 1940-42 the Axis Powers in North Africa Montgomery Alam Halfa and El Alamein TORCH the Landings in French North Africa and the Tunisian Campaign Full attention is given to questions and issues historians have raised on such controversies as the Auchinleck Montgomery dispute the debate over Operation TORCH and the Darlan affair Emphasis is on English language works but the most significant Italian German and French works are cited and assessed The book has been written for use in public college university and institutional libraries and to serve general readers and military historians

Military professionals and theorists have long understood the relevance of morale in war Montgomery the victor at El Alamein said following the battle that the more fighting I see the more I am convinced that the big thing in war is morale Jonathan Fennell in examining the North African campaign through the lens of morale challenges conventional explanations for Allied success in one of the most important and controversial campaigns in British and Commonwealth history He introduces new sources notably censorship summaries of soldiers' mail and an innovative methodology that assesses troop morale not only on the evidence of personal observations and official reports but also on contemporaneously recorded rates of psychological breakdown sickness desertion and surrender He shows for the first time that a major morale crisis and stunning recovery decisively affected Eighth Army's performance during the critical battles on the Gazala and El Alamein lines in 1942
