Maria Grasso, Marco Giugni

Cosmopolitan Democracy An Agenda For A New World Order:

Cosmopolitan Democracy Daniele Archibugi, David Held, 1995-04-06 The form of international regulation which dominated world politics for more than forty years has collapsed while no alternative has yet emerged The end of the Cold War has created new opportunities for developing an international order based upon the principles of legality and democracy But if these opportunities are not seized there is the danger that force will again prevail in the settings of international politics both within Europe and beyond The contributors to this volume offer an analysis of the contemporary conjuncture in international politics and present an alternative model of international organization cosmopolitan democracy This model is based upon the recognition of the continuing significance of nation states while arguing for a layer of governance that would constitute a limitation on national sovereignty The case is made for the creation of new cosmopolitan institutions which would coexist with the system of states but would override states in clearly defined spheres of activity The term democracy in this context refers not merely to the formal construction of new democratic institutions but also the possibility of broad civic participation in decision making and the redistribution of power at regional and global levels The six essays which comprise this volume present a highly original overview of the key international issues of our times as well as a novel agenda for the extension of democracy on a transnational basis The contributors are Norberto Bobbio Luigi Bonanate Mary Kaldor David Held Daniele Archibugi and Richard Falk

Humanitarian Intervention and the Responsibility To Protect James Pattison, 2010-02-25 Humanitarian Intervention and the Responsibility To Protect considers who should undertake humanitarian intervention in response to an ongoing or impending humanitarian crisis such as found in Rwanda in early 1994 Kosovo in 1999 and Darfur more recently The doctrine of the responsibility to protect asserts that when a state is failing to uphold its citizens human rights the international community has a responsibility to protect these citizens including by undertaking humanitarian intervention It is unclear however which particular agent should be tasked with this responsibility Should we prefer intervention by the UN NATO a regional or subregional organization such as the African Union a state a group of states or someone else This book answers this question by first determining which qualities of interveners are morally significant and second assessing the relative importance of these qualities For instance is it important that an intervener have a humanitarian motive Should an intervener be welcomed by those it is trying to save How important is it that an intervener will be effective and what does this mean in practice The book then considers the more empirical question of whether and to what extent the current interveners actually possess these qualities and therefore should intervene For instance how effective can we expect UN action to be in the future Is NATO likely to use humanitarian means Overall it develops a particular normative conception of legitimacy for humanitarian intervention It uses this conception of legitimacy to assess not only current interveners but also the desirability of potential reforms to the mechanisms and agents of humanitarian intervention

Legal Visions of the 21st Century Antony Anghie, Garry Sturges, 1998-10-29 Wouter de Vos

Progress or Collapse Roberto De Vogli, 2013-01-03 Human progress is heading toward collapse There are converging ecological crises looming on the horizon climate change peak oil water shortages fish depletion and food scarcities The world is on a collision course against the limits of the ecosystem Modern societies are consuming polluting and growing as if there is no tomorrow Indeed there may not be one In *Progress or Collapse* Roberto De Vogli guides us through the multiple converging global crises of economic progress He explores the connections between the environmental crisis and the psychological social cultural political and economic emergencies affecting modern societies It is not a coincidence the author argues that global ecological destruction is occurring in tandem with other crises rising mental disorders mindless consumerism rampant conformism status competition civic disengagement startling social inequalities global financial instability and widespread political impasse In this hard hitting analysis Roberto De Vogli identifies the root cause of all these symptoms of societal breakdown neoliberalism defined as market greed He argues that in recent decades modern societies have been dominated by a suicidal economic doctrine based on two articles of faith the greed creed and the market God The greed creed states that people are nothing but selfish profiteers in a perpetual search for status and wealth The market God is the belief that all societal and human affairs are best regulated as market exchanges What is to be done Can we stop progress toward collapse Given the current distribution of power and wealth and the state of psychological and political inertia in which we are trapped our chances of redefining progress around alternative values and embracing a new philosophy of life are slim Yet the history of human emancipation has often been shaped by giant leaps forward In the past civic struggles have overcome the limits of the possible Whether this will happen again in the future is the central question of our time This book will be of interest to researchers and students of ecology psychology public health epidemiology human development political philosophy economics sociology and politics

Elgar Encyclopedia of Political Sociology Maria Grasso, Marco Giugni, 2023-12-11 This comprehensive and authoritative Encyclopedia featuring entries written by academic experts in the field explores the diverse topics within the discipline of political sociology By looking at both macro and micro components questions relating to nation states political institutions and their development and the sources of social and political change such as social movements and other forms of contentious politics are raised and critically analysed

Justice and Morality Amanda Russell Beattie, 2016-04-22 Bridging the contending theories of natural law and international relations this book proposes a relational ontology as the basis for rethinking our approach to international politics Amanda Beattie challenges both the conventional interpretation of natural law as necessarily and intractably theological and the dominant conception of international relations as structurally distinct from the ends of human good in order to recover the centrality of other directed agency to the promotion of human development Offering an important contribution to the study of international political thought the book contains a number of challenging and controversial ideas which should provoke constructive debate within international relations theory political theory and philosophical ethics

Global Political Economy Kavous Ardalan, 2018-12-18 This book applies a multiparadigmatic philosophical frame of analysis to the global political economy Crossing two disciplines and lines of literature social philosophy and global political economy this book considers seven aspects of global political economy and discusses each aspect from four diverse paradigmatic viewpoints functionalist interpretive radical humanist and radical structuralist The four paradigms are founded upon different assumptions about the nature of social science and the nature of society Each paradigm generates theories concepts and analytical tools which are different from those of other paradigms developing an understanding of the different paradigms leads to a better understanding of the multi faceted nature of the subject matter In this book the first chapter reviews the four paradigms Each of the next seven chapters provides four paradigmatic explanations for each of the seven aspects of the global political economy The final chapter concludes by recommending further paradigmatic diversity This book will be of particular interest to students and researchers interested in political economy heterodox economics political science and international relations

Human Rights after Corporate Personhood Jody Greene, Sharif Youssef, 2020-11-03 Human Rights after Corporate Personhood offers a rich overview of current debates and seeks to transcend the outrage response often found in public discourse and corporate legal theory Through original and innovative analyses the volume offers an alternative account of corporate juridical personality and its relation to the human one that departs from accounts offered by public law In addition it explores opportunities for the application of legal personality to assist progressive projects including but not limited to environmental justice animal rights and Indigenous land claims Presented accessibly for the benefit of non specialist readers the volume offers original arguments and draws on eclectic sources from law and poetry to fiction and film At the same time it is firmly grounded in legal scholarship and thus serves as an essential reference for scholars students lawmakers and anyone seeking a better understanding of the interface between corporations and the law in the twenty first century

Debating Cosmopolitics Daniele Archibugi, 2020-05-05 Cosmopolitics the concept of a world politics based on shared democratic values is in an increasingly fragile state While Western democracies insist ever more vehemently upon a maintenance of their privileges freedom of speech security wealth an increasing number of the world s inhabitants are under threat of poverty famine and war What is needed the writers suggest is a deliberate decision to extend the principles and values of democracy to the sphere of international relations Recent experience does not bode well but their arguments which range from reform of the United Nations reduction of military weapons additional power for international judiciary institutions and an increase in aid to developing countries urge new and inspired action

The Necessary Nation Gregory Jusdanis, 2011-06-27 In this controversial look at nationalism Gregory Jusdanis offers a sweeping defense of the nation as a protector of cultural difference and a catalyst for modernization Since the end of the Cold War the nation state has undergone intense scrutiny among critics in the media and the academy Many believe that civic nationalism may be fruitful but that cultural nationalism fosters xenophobia and backward thinking Jusdanis

however emphasizes the positive collaboration between nation building and culture Through a series of critical readings of multicultural postcolonial and globalization theories the author reveals how nationalism enables people to defend their distinctive ways of life to fight colonial oppression and to build an independent society of citizens He explains why people over the last two hundred years have politicized their ethnic identities and have sought a union of culture and power within an autonomous nation state While seeking to defend nationalism Jusdanis also examines its potential to unleash extraordinary violence into the world He thus proposes federalism as a political solution to the challenges posed by nationalism and globalization Jusdanis applies the tools of disciplines ranging from anthropology to philosophy as he explores the nation building projects of numerous and diverse countries around the world What emerges is a fresh perspective on the subjects of national culture identity political nations globalization postcolonialism and diaspora

When people should go to the book stores, search commencement by shop, shelf by shelf, it is in reality problematic. This is why we present the books compilations in this website. It will certainly ease you to see guide **Cosmopolitan Democracy An Agenda For A New World Order** as you such as.

Cosmopolitan Democracy An Agenda For A New World Order Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Cosmopolitan Democracy An Agenda For A New World Order PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process.

and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Cosmopolitan Democracy An Agenda For A New World Order PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Cosmopolitan Democracy An Agenda For A New World Order free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Cosmopolitan Democracy An Agenda For A New World Order Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Cosmopolitan Democracy An Agenda For A New World Order is one of the best book in our library for free trial. We provide copy of Cosmopolitan Democracy An Agenda For A New World Order in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Cosmopolitan Democracy An Agenda For A New World Order. Where to download Cosmopolitan

Democracy An Agenda For A New World Order online for free? Are you looking for Cosmopolitan Democracy An Agenda For A New World Order PDF? This is definitely going to save you time and cash in something you should think about.
