Inconsequential is the wrath of hell without these heinous deeds slapped upon this great nation Who is equipped to stop these methods of madness when even the FBI struggles to free itself from the iron grip of this inversion of extreme intelligence The nature of this unstoppable bloodshed has created new depths of insanity What will be the fate of this country tormented by the darkness of the human mind Adventure, 1916 **Giallo Cinema and Its Folktale Roots** Michael Sevastakis, 2016-07-11 The Italian giallo film genre the equivalent of the American whodunit but incorporating extreme violence and sex was based on popular British and American fiction of the 30s and 40s adapted to the explicitly liberal filmmaking of 1970s and 1980s Europe Seldom released in American theaters these films were usually distributed as redacted bootlegs awaiting digital technology to be restored to their original content and pristine visual form This book analyzes the censored sex and violence of giallo films finding in them an inherent beauty and tracing their literary antecedents to the elements of the fairy tale as described by Russian folklorist Vladimir Propp Each chapter covers a film and its director from 1962 to 1987 The author argues that despite their formulaic production and designation as Euro sleaze these films are works of individuality and artistic virtue On Human Slaughter Elizabeth Bruenig, 2023-10-10 A collection of compassionate reporting from America's death row named a 2023 Pulitzer Prize finalist for feature writing An Atlantic Edition featuring long form journalism by Atlantic writers drawn from contemporary articles or classic storytelling from the magazine's 165 year archive Elizabeth Bruenig's sensitive reporting pulls back the curtain on an increasingly routine crisis in America's death chambers state executioner's inability to kill the condemned humanely She takes readers to the torturous final moments of death row inmates while considering the often heinous crimes that earned them their sentences and the complex legal system and prison bureaucracy that uphold them Thoughtful and profound Bruenig negotiates the culture of violence in America and examines what's at stake when we refuse to see the humanity in those who have done the inhumane
