Silas Starkweather, a Civil War veteran, is drawn to Wisconsin and homesteads 160 acres in Ames County where he is known as the mysterious farmer forever digging holes. After years of hardship and toil, however, Silas develops a commitment to farming his land and respect for his new community. When Silas's son Abe inherits Blue Shadows Farm, he chooses to keep the land out of reluctant necessity, distilling and distributing purified corn water throughout Prohibition and the Great Depression in order to stay solvent. Abe's daughter Emma willingly takes over the farm after her mother's death. Emma's love for this place inspires her to open the farm to school children and families who share her respect for it. As she considers selling the land, Emma is confronted with a difficult question: who, through thick and thin, will care for Blue Shadows Farm as her family has done for over a century? In the midst of a controversy that disrupts the entire community, Emma looks into her family's past to help her make crucial decisions about the future of its land. Through the story of the Starkweather family's changing fortunes and each generation's very different relationship with the farm and the land, Blue Shadows Farm is in some ways the narrative of all farmers and the increasingly difficult challenges they face as committed stewards of the land. Finalist General Fiction Midwest Book Awards.

The Travels of Increase Joseph Jerry Apps, 2010-07-11 Plum Falls, New York, 1840s. Dismissed from Harvard Divinity School for his liberal views, Increase Joseph Link arrives home with a heavy heart. He gives up his dream of becoming a minister to settle for life on the farm until the day he is struck by lightning and hears a voice telling him to rise and speak. Heeding that voice, Increase becomes a preacher advocating for environmental protection and the end of slavery and war. His growing band of followers calls itself the Standalone Fellowship, and they accompany him on his move west to Wisconsin to a place of better land and opportunity. Link Lake, Wisconsin, 1852. Preacher Increase Link and the Standalone Fellowship settle near a lake that they name in his honor. Increase's gifted tongue calls people to his mission to protect the land: "Unless we take care of the land, we shall all perish." To finance the fellowship activities, Increase sells his special cure, all tonic, for fifty cents per bottle. Inspired by actual events that took place in upstate New York and Wisconsin in the mid-nineteenth century, The Travels of Increase Joseph is the first in Jerry Apps's series set in fictional Ames County, Wisconsin. The four novels in the series, which also includes In a Pickle, Blue Shadows Farm, and the forthcoming Cranberry Red, all take place around Link Lake at different points in history. They convey Apps's deep knowledge of rural life and his own concern for land stewardship.

Tamarack River Ghost Jerold W. Apps, Jerry Apps, 2012-11-02 When journalist Josh Wittmore moves from the Illinois bureau of Farm Country News to the newspaper's national office in Wisconsin, he encounters the biggest story of his young career just as the paper's finances may lead to its closure. Josh's big story is that a corporation that plans to establish an enormous hog farm has bought a lot of land along the Tamarack River in bucolic Ames County. Some of the local residents and officials are excited about the jobs and tax

revenues that the big farm will bring while others worry about truck traffic porcine aromas and manure runoff polluting the river And how would the arrival of a large agribusiness affect life and traditions in this tightly knit rural community of family farmers Josh strives to provide impartial agricultural reporting even as his newspaper is replaced by a new Internet only version owned by a former New York investment banker And it seems that there may be another force in play the vengeful ghost of a drowned logger who locals say haunts the valley of the Tamarack River *The Great Sand Fracas of Ames County*
Jerold W. Apps, Jerry Apps, 2014-09-18 In the sixth novel in Jerry Apps's Ames County series a proposed frac sand mine in the local community park divides small town neighbors into factions
