

The background of the cover is a classical painting. It depicts an angel with large, feathered wings and curly hair, wearing a brown robe with a green sleeve. The angel is leaning over a bearded man with long white hair, who is lying down. The angel's right hand is raised, palm facing forward, in a gesture of blessing or revelation. The scene is set in a dark, dramatic environment with soft lighting highlighting the figures.

The Magna Carta of Humanity Os Guinness,2021-05-11 What kind of revolution brings true freedom to both society and the human soul Cultural observer Os Guinness contrasts the secular French Revolution with the faith led revolution of ancient Israel Arguing that the story of Exodus is the richest vision for freedom in human history his exploration charts the path to the future for America

The Power of Ideas Jonathan Sacks,2021-10-11 Britain s most authentically prophetic voice Daily Telegraph The choice with which humankind is faced is between the idea of power and the power of ideas From his appointment as Chief Rabbi in 1991 through to his death in November 2020 Rabbi Lord Jonathan Sacks made an incalculable contribution not just to the religious life of the Jewish community but to the national conversation and increasingly to the global community on issues of ethics and morality Commemorating the first anniversary of his death this volume brings together a compelling selection of Jonathan Sacks BBC Radio Thought for the Day broadcasts Credo columns from The Times and a range of articles published in the world s most respected newspapers along with his House of Lords speeches and keynote lectures First heard and read in many different contexts these pieces demonstrate with striking coherence the developing power of Sacks ideas on faith and philosophy alike In each instance he brings to bear deep insights into the immediate situation at the time and yet it as if we hear him speaking to us afresh giving us new strength to face the challenges and complexities of today s world These words of faith and wisdom shine as a beacon of enduring light in an increasingly conflicted cultural climate and prove the timeless nature and continued relevance of Jonathan Sacks thought and teachings One of the great moral thinkers of our time Robert D Putnam author of Bowling Alone

The JPS B'nai Mitzvah Torah Commentary Jeffrey K. Salkin,2017 For too many Jewish young people bar bat mitzvah has been the beginning of the end of their Jewish journeys When students perceive the Torah as incomprehensible or irrelevant many form the false impression that Judaism has nothing to say to them Enter the game changer The JPS B nai Mitzvah Torah Commentary shows teens in their own language how Torah addresses the issues in their world The conversational tone is inviting and dignified concise and substantial direct and informative The narrative summaries big ideas model divrei Torah haftarot commentaries and discussion questions will engage teens in studying the Torah and haftarot writing divrei Torah and continuing to learn Torah throughout their lives making it the book every rabbi cantor parent and tutor will also want to have Jewish learning for young people and adults will never be the same

The Road Trip that Changed the World Mark Sayers,2012-05-01 Can t find no satisfaction There s no shortage of prescriptions for restlessness out there Seek adventure Live your life Don t hold back Sound familiar The Road Trip that Changed the World is a book challenging the contemporary conviction that personal freedom and self fulfillment are the highest good Like the characters in a Jack Kerouac novel we ve dirtied the dream of white picket fences with exhaust fumes The new dream is the open road and freedom Yet we still desire the solace of faith We like the concept of the sacred but unwittingly subscribe to secularized westernized spirituality We re convinced that

there is a deeper plot to this thing called life yet watered down therapeutic forms of religion are all we choose to swallow and our personal story trumps any larger narrative This is the non committal culture of the road Though driving on freely we have forgotten where we re headed Jesus said His road is narrow He wasn t some aimless nomad He had more than just a half tank of gas He had passion objectives and a destination Do you Engaging the Doctrine of Israel Matthew

Levering,2021-09-16 This book is the dogmatic sequel to Levering s Engaging the Doctrine of Marriage in which he argued that God s purpose in creating the cosmos is the eschatological marriage of God and his people God sets this marriage into motion through his covenantal election of a particular people the people of Israel Central to this people s relationship with the Creator God are their Scriptures exodus Torah Temple land and Davidic kingship As a Christian Israelology this book devotes a chapter to each of these topics investigating their theological significance both in light of ongoing Judaism and in light of Christian Scripture Old and New Testaments and Christian theology The book makes a significant contribution to charting a path forward for Jewish Christian dialogue from the perspective of post Vatican II Catholicism **Further**

Studies in the Five Books of Moses Dr. Martin Sicker,2021-06-06 The eight studies in this volume focus on additional aspects of the narratives in the Five Books of Moses that have frequently been glossed over by commentators ancient and modern and remain contentious to this very day These studies address subjects such as the primal mission of man in the creation narrative the covenant between the pieces the symbolism of circumcision the story of Jacob and his four wives and the rape of Dinah as depicted in the book of Genesis the story of the exodus from Egypt as related in the book of Exodus the reason for the premature death of the sons of Aaron Nadav and Avihu and the reason for the dietary laws as set forth in the book of Leviticus Although these studies do not claim to resolve the issues they examine it is their purpose to stimulate further interest in the complexities of the ancient biblical narratives and the hidden insights about human nature they provide **The Battle of The Sexes: It's Been Downhill Since The Garden** H.R. Boaz,2021-05-08 The Battle of the

Sexes explores how the Word of God YHWH both the Old Testament and the New Testament has been twisted to support a narrative that is not in the Scriptures Traditional translations and teachings of the Bible have either presumed or assumed that men are given power and dominion over women But nowhere in the Bible is this statement made not even in Genesis Bereishis 3 16 And your husband will rule over you which is not spoken as an imperative but rather as a prophecy The original Hebrew language of the first five books of Moses also known as the Torah Old Testament tells a very different story of the primal couple A story that is contrary to what is often taught in all religions that use the Word of YHWH as their foundation namely Judaism Christianity and Islam With an abbreviated overview of human history as told from YHWH s point of view we discover a connection of how all cultures have come to share similar myths legends and stories with the Torah And how these ancient archetypes of good and evil have been misused to support a psychological and socio political advantage of men over women Likewise a brief foray into the unique Hebrew language the ancient language in which YHWH

created our world and dictated the Torah to Moses provides proof that the Word of God is indeed communication from another dimension Like a massive encrypted message the Torah includes multiple levels of God given fences that protect the Word of God from man s distorted perspective The Hebrew language itself provides the most significant fence Like no other language each Hebrew word defines itself by the letters that make up the word This is only one feature of the holy text that assures that the instructions of YHWH remain intact regardless of man s interpretations The Battle of the Sexes is an examination from a fresh viewpoint into the issues that arise between the genders which stem from the original disobedience of God s one instruction by the primal couple in the Garden of Eden Gan Eden We see a more complete perspective of who did what in the initial defiance and how we continue to struggle in the female male relationship with those very same issues first raised in Gan Eden Moreover with clarity the Hebrew language reveals a much greater significance of the female to the human experience than is typically taught in any religion Exposed in her Hebrew name which is not usually translated properly is her irrefutable role in God s plan of salvation for the human race God did not make women subservient to men and YHWH did not give men or women dominion over anything but the animals and the earth to utilize as God intends Humanity is to work together not to manipulate or fight to assume power over one another Nowhere is this idea more consequential than in the marriage relationship Being the preeminent human relationship YHWH presents marriage as the foundation for all other human relationships from Bereishis the beginning creation of our world and the human creature Undergirding the arrogant impudent presumption that men are to rule over women is the equally destructive fallacy that God is masculine The Battle of the Sexes explores how from the initial verses and chapters of the first book of Torah the book of Genesis we begin to understand how as the Jewish Sages say with the change of one letter the world is destroyed With the misinterpretation and misunderstanding of one Hebrew word adam our modern grasp of the essence of YHWH and the female male relationship as described in Torah has been distorted and all but destroyed The Battle of the Sexes is sure to not only answer but raise many questions regarding the female male relationship as well as humanities relationship with God

Climate Change, Radical Uncertainty and Hope Jan Jorrit Hasselaar, 2025-10-01 Views on climate change are often either pessimistic or optimistic In this book Jan Jorrit Hasselaar discovers and explores a third way one of hope A debate within economics on risk and uncertainty brings him to theological questions and the concept of hope in the work of the late Jonathan Sacks and to a renewed way of doing theology as an account of the good life What follows is an equal conversation between theology and economics as has hardly been undertaken in recent times It emerges that hope is not contrary to economic insights but remarkably compatible with them Communication between these fields of expertise can open the way for a courageous and creative embrace of radical uncertainty in climate change A key notion here is that of a public Sabbath or a workplace of hope times and places set aside to cultivate inspiration and mutual trust among all parties involved enabling them to take concrete steps forward

Jonathan Sacks: Universalizing Particularity Hava

Tirosh-Samuelson, Aaron W. Hughes, 2013-08-30 This volume features the thought and writings of Jonathan Sacks one of today's leading Jewish public thinkers It brings together an intellectual portrait four of his most original and influential philosophical essays and an interview with him This volume showcases the work of Sacks a philosopher who seeks to confront and offer solutions to the numerous problems besetting Judaism and its confrontation with modernity In addition the reader will also encounter an important social philosopher and proponent of interfaith dialogue who articulates how it is possible to cultivate a culture of civility based on the twin notions of the dignity of difference and the ethic of responsibility Jonathan Sacks has been Chief Rabbi of the United Hebrew Congregations of the Commonwealth from September 1991 to September 2013 and a member of the House of Lords since 2009

U-vacharta Ba-chayim David Birnbaum, Martin S. Cohen, In one of his most famous poems Robert Frost imagines himself standing at a crossroads in a yellow wood and having to decide which path forward to choose The poem turns on the fact that neither path clearly recommends itself as the better one to choose both are covered in yellow autumnal leaves one is just as fair as the other and both lead to destinations that Frost cannot see 1 In just twenty lines the poet thus suggests the plight of moderns who must make decisions in life that may eventually be perceived as matters of great importance but that feel hardly even to matter much when they are actually being made That is surely a challenge we all face but how exactly to deal with it is challenging to say It surely seems exaggerated to conclude from the poet's reverie that our decisions in life don't really matter at all simply because we cannot say at the outset where they may ultimately lead us much less that they have no real importance because we will end up in the same place anyway Those conclusions both feel just a bit irrational but neither should we read the poem's famous conclusion that the poet's decision to travel the path less taken has ended up making all the difference in his life as suggesting that the wisest choices in life are invariably those spurned by the majority Surely for all the oylem may be a goylem it can't always be unwise to make some specific decision in life merely because many others have previously chosen to make it 2 Martin S Cohen The Yiddish aphorism one of my own father's favorites conveys the same message as the one attributed possibly spuriously to Alexander Hamilton according to which the masses are asses The Torah offers a different take on the decision to choose one path forward in life over another Speaking from the edge of his own life Moses begins by imagining two paths stretching forth before the Israelites as they contemplate their future And he knows their names too they are the paths of blessing and of curse a blessing if you obey all the commandments of the Eternal your God that I am commanding you this day and a curse if you do not obey the commandments of the Eternal your God and swerve off the path that I am commanding you today Deuteronomy 11:26-28 Later in his speech Moses returns to that same trope and describes that same choice in far greater detail Behold by commanding you today to love the Eternal your God and to walk in God's ways and to keep God's commandments and statutes and laws I am placing before you today on the one hand life and goodness and on the other death and evil And so shall you live and flourish as the Eternal your God blesses you in the land that you are now entering to

possess If however your heart should turn away and you stop obeying such that you actually turn to apostasy and prostrate yourself before alien gods and worship them then I am telling you clearly today that you shall surely perish that you will not live for long on the land that you are about to cross the Jordan to enter and possess I call heaven and earth on this day as my witnesses that I am placing before you life and death blessing and curse Choose life so that you live you and your progeny And love the Eternal your God by obeying God's voice and by cleaving unto God for it is God who grants you your life and who determines how long shall last the days you dwell on the land that the Eternal³ Prefaceswore to grant to your ancestors Abraham Isaac and Jacob Deuteronomy 30 15 20 The title of the volume you are holding is taken from the end of this very passage where the Torah presents Moses instructing the people how to deal with the choice that lies before them U va artaba ayyim choose life he commands and his meaning feels clear and unambiguous to secure a long life for yourself and your progeny choose to live in God's service choose to devote yourself to obeying God's voice and choose to cleave unto God all the days of your life And the aggregate result of all that wise choosing will lead to the greatest choice of all the choice to embrace life at its fullest and richest both as individuals linked personally to the Almighty in covenantal intimacy and as citizens of a nation linked to the Almighty in exactly the same way There are countless ways to respond to the injunction to choose life and each of the authors in this volume has chosen one to explore in his or her essay Some are theoretical in nature and deal with the larger notion of how choice and obligation interact in the context of religion Others are more practical and treat of the specific ways in which individuals might respond to the biblical obligation to choose life in the context of the consequential decisions that we find ourselves faced with in life Still others are rooted in history and present the way the injunction to choose life was understood by different thinkers at different moments in Jewish history And some have used the scriptural injunction to choose life as a jumping off point for considering the notion of free will itself and pondering how the theological notion that God is all knowing can be reconciled with the sense people have of being able freely to make real meaningful choices in life The authors who have contributed essays to this volume address⁴ Martin S Cohen all of these questions Our authors come from a wide range of backgrounds many are congregational rabbis while others are teachers and academics and still others work in the Jewish world in different capacities They are a disparate group our authors men and women older and younger staunchly traditionalist and more liberally oriented Israelis and Diaspora based Yet for all they are different they are also united by the common belief that the written word and particularly in the form of the essay is a useful and satisfying medium in which to explore Judaism and Jewishness itself in a deep and meaningful way This is not a book solely for Jews of any particular spiritual orientation nor for that matter is it a book solely for Jewish readers Rather we hope that this anthology may open a door for all who possess the kind of curiosity about Jewish religion and culture that cannot be dealt with effectively by platitudes or even heartfelt oped pieces but rather by thoughtful text based studies intended to inform to persuade and to inspire I feel privileged to present the work of these authors to the reading public and I

hope our readers will likewise feel that this is a remarkable collection Unless otherwise indicated all translations here are the authors own work Biblical citations of the NJPS refer to the complete translation of Scripture first published under the title Tanakh The Holy Scriptures by the Jewish Publication Society in 1985 The four letter Hebrew name of God is rendered in this volume almost always as the Eternal or Eternal God although authors have sometimes departed from this convention as dictated by the constraints of their own writing I would like to take this opportunity to acknowledge the other senior editors of the Mesorah Matrix series David Birnbaum and Benjamin Blech as well as Saul J Berman our associate editor They and our able staff have all supported me as I've labored to bring this 5 Preface volume together and I am grateful to them all As always I must also express my gratitude to the men and women and particularly to the lay leadership of the synagogue I serve as rabbi the Shelter Rock Jewish Center in Roslyn New York Possessed of the unwavering conviction that their rabbi's book projects are part and parcel of his service to them and through them to the larger community of those interested in learning about Judaism through the medium of the well written word they are remarkably supportive of my literary efforts as author and editor I am in their debt and I am pleased to acknowledge that debt formally here and whenever I publish my own work or the work of others
