**Hermeneutics and Empirical Research in Practical Theology** Chris Hermans,Mary Moore,2021-09-20 There is a growing consensus among scholars in different countries about the object of practical theology Hans van der Ven has contributed much to this consensus through his writings on the foundations of practical theology the empirical paradigm within practical theology and specific subdisciplines within practical theology especially religious education moral education church development and ministry At the center of this growing consensus is an understanding of the independent hermeneutical role of religious experiences and practices of people in the process of theological theory building If contemporary religious experiences and practices have a critical role with regard to religious tradition and the ministry of this tradition then practical theology cannot just be a form of applied theology The contributors of this volume focus on this hermeneutical core foundations of practical theology and on empirical research as a research method within practical theology in the work of Van der Ven *Ethics and Spiritual Care* Karen Lebacqz,Joseph Driskill,2010-10-01 Ethics and Spiritual Care responds to three phenomena of increasing importance Although spiritual care is at the heart of ordained ministry there is no text in professional ethics for clergy that focuses specifically on spiritual care What ethical guidelines are needed to ensure that spiritual care in ministry is appropriate Many people in our world do not consider themselves religious but use the term spiritual The burgeoning interest in spirituality is an invitation to people with little training to set themselves up as spiritual directors Guidelines are needed not simply for the ethical practice of parish ministry but for specific practices of spiritual direction Allegations of spiritual abuse have been made both in practice and in the literature the term is being used with some frequency The development of this term and its implications requires some scrutiny and response as sexual abuse is not a good model for understanding spiritual abuse *The Presbyterian Predicament* Milton J.
