Rube Tube Sara K. Eskridge, 2018-11-30 Historian Sara Eskridge examines television s rural comedy boom in the 1960s and the political social and economic factors that made these shows a perfect fit for CBS The network nicknamed the Communist Broadcasting System during the Red Scare of the

1940s saw its image hurt again in the 1950s with the quiz show scandals and a campaign against violence in westerns. When a rival network introduced rural themed programs to cater to the growing southern market, CBS latched onto the trend and soon reestablished itself as the Country Broadcasting System. Its rural comedies dominated the ratings throughout the decade, attracting viewers from all parts of the country. With fascinating discussions of *The Andy Griffith Show*, *The Beverly Hillbillies*, *Petticoat Junction* and other shows, Eskridge reveals how the southern image was used to both entertain and reassure Americans in the turbulent 1960s. *The Edward G. Robinson Encyclopedia* Robert Beck, 2015-09-16 Edward G. Robinson, a 1930s cinema icon, had an acting career that spanned more than 60 years. After a brush with silent films, he rose to true celebrity status in sound feature films and went on to take part in radio and television performances, then back to Broadway and on the road in live theatre. This work documents Robinson's every known public performance or appearance, listing co-workers, source material, background and critical commentary. The entries include feature films, documentaries, short subjects, cartoons, television and radio productions, live theatre presentations, narrations, pageants and recordings. Also included are entries relating to his life and career, ranging from his wives to his art collection. *Catalog of Copyright Entries* Library of Congress. Copyright Office, 1951
