Hollywood's West Peter C. Rollins, John E. O'Connor, 2005-11-11 American historians such as Frederick Jackson Turner have argued that the West has been the region that most clearly defines American democracy and the national ethos Throughout the twentieth century the frontier thesis influenced film and television producers who used the West as a backdrop for an array of dramatic explorations of America's history and the evolution of its culture and values The common themes found in Westerns distinguish the genre as a quintessentially American form of dramatic art In *Hollywood's West* Peter C. Rollins, John E. O'Connor and the nation's leading film scholars analyze popular conceptions of the frontier as a fundamental element of American history and culture This volume examines classic Western films and programs that span nearly a century from *Cimarron* 1931 to Turner Network Television's recent made for TV movies Many of the films discussed here are considered among the greatest cinematic landmarks of all time The essays highlight the ways in which Westerns have both shaped and reflected the dominant social and political concerns of their respective eras While *Cimarron* challenged audiences with an innovative complex narrative other Westerns of the early sound era such as *The Great Meadow* 1931 frequently presented nostalgic visions of a simpler frontier era as a temporary diversion from the hardships of the Great Depression Westerns of the 1950s reveal the profound uncertainty cast by the cold war whereas later Westerns display heightened violence and cynicism products of a society marred by wars assassinations riots and political scandals The volume concludes with a comprehensive filmography and an informative bibliography of scholarly writings on the Western genre This collection will prove useful to film scholars historians and both devoted and casual fans of the Western genre Hollywood's

West makes a significant contribution to the understanding of both the historic American frontier and its innumerable popular representations **Western Historical Thinking** Jörn Rüsen, 2002 Presents 17 contributions written by an international group of historians addressing the intercultural dimension of historical theory The editor's introduction discusses historical thinking as intercultural discourse and presents ten hypotheses that aim to define Western historical thinking Scholars from Asia and Africa comment on his position in light of their own ideas about the sense and meaning of historical thinking The volume wraps up with comments on the questions and issues raised by the authors and suggestions for the future of intercultural communication Annotation copyrighted by Book News Inc Portland OR
