Courting Her Highness The Story Of Queen Anne:

Courting Her Highness Jean Plaidy, 2011-07-05 A private battle rages at court for the affections of a childless queen who must soon name her successor and thus determine the future of the British Empire It is the beginning of the eighteenth century and William of Orange is dying Soon Anne is crowned queen but to court insiders the name of the imminent sovereign is Sarah Churchill Beautiful outspoken Sarah has bewitched Anne and believes she is invincible until she installs her poor cousin Abigail Hill into court as royal chambermaid Plain Abigail seems the least likely challenger to Sarah's place in her highness's affections but challenge it she does in stealthy yet formidable ways While Anne engages in her private tug of war the nation is obsessed with another more public battle succession Anne is sickly and childless the last of the Stuart line This final novel of the Stuarts from Jean Plaidy weaves larger than life characters through a dark maze of intrigue love and destruction with nothing less than the future of the British Empire at stake

Royal Sisters Jean Plaidy, 2011-03-01 Two sisters change the course of a nation by forsaking the King their own father England is on the verge of revolution Antagonized by the Catholicism of King James II the people plot to drive him from the throne But at the heart of the plot is a deep betrayal the defection of the daughters James loves Mary and Anne Both raised Protestant according to the wishes of England the sisters support Protestant usurper William of Orange Mary's husband who lusts after the British crown Passive Queen Mary is subservient to her husband's wishes while Anne is desperate to please her childhood friend Sarah Churchill a bold and domineering woman determined to subdue Anne the queen to be and rule England herself Intrigue and political drama run high as the sisters struggle to be reconciled with each other and with the haunting memory of the father they have exiled

The Murder in the Tower Jean Plaidy, 2010-07-13 The dashing Robert Carr is a well known favorite of King James I After attracting his attention by falling from a horse in the tiltyard Robert rises quickly through the ranks But when the cunning and beautiful Frances Howard comes to court a very dangerous liaison changes everything Married against her will while still a child Frances emerges from that experience a headstrong force of nature determined to have her own way no matter what the consequences Her attempts to rid herself of an unwanted husband and later to ensnare a lukewarm lover have led her deep into the world of spell makers and poisoners This is a woman to underestimate at great peril But not until Robert finds himself ensnared in one of Frances's plots imprisoned in the Tower of London and accused of murder does he learn at last what she is truly capable of

Courting the Virgin Queen Carol Ann Lloyd, 2024-08-30 Examines Queen Elizabeth I's complex courtships revealing how her romantic and political decisions shaped her reign as England's Virgin Queen The many courtships of the woman who became Elizabeth I began when she was an infant displayed before foreign ambassadors who considered her as a possible clause of a contract between England and France From such an unromantic beginning Elizabeth grew to see her father marry multiple times and experienced frequent changes in stepmothers and status in the family Eventually she became the most eligible woman in Europe From start to finish her marriage prospects

were as much political as they were personal When she came to the throne in 1558 the primary question facing everyone from foreign monarchs to English nobles and ministers was which of her many suitors would finally win her hand Through the longest Tudor reign Elizabeth used courtship as a tool to consider foreign alliances hold ambitious English courtiers in check and navigate her role as a woman ruler in a world that considered her unnatural without a man at her side Elizabeth was in fact always the Virgin Queen from the early days as a twenty five year old presenting herself as a potential royal bride to her final years as an ageing and unmarried woman who was destined to end the Tudor dynasty Ultimately she became the only monarch in England to rule as an adult and never marry Through it all as friends and potential lovers faded away she clung to the one true love of her life England
