Dear Kim,

As you know, when you work in a school you are interrupted all the time and on top of that I used to worry about having so much cash on my desk. It's really time-consuming dealing with coins and having to count piles of nickels, dimes and quarters. But no more! Now I travel to the bank with a very 'light' bag!

Upgrading to the School Cash Suite has made so many improvements, not only in the main office but for our teachers and parents as well. I'm so lucky that our parents were receptive to School Cash Online. We were able to achieve a 77% parent participation rate within the first 2 months of school.

When working with School Cash Online, you have to think outside the box, but I was pleasantly surprised at the simplicity of setting up a fee in the catalog. In fact, when using the copy feature for repetitive food days, I almost feel like I am cheating! I had my first food day on November 1st and I must admit I was nervous about trusting the system. But everything went well and the parents appreciated how easy the process was.

Our parents have become accustomed to email communication and School Cash Online goes one step further by sending reminder emails about events. I recently set up my first recurring payment for Muskoka Woods allowing parents the option of paying \$380 up-front or 1 of 4 installment plans. And it was so easy!

One request I would have for KEV (that would help many 'new' schools), is a report that would show which parents haven't registered with School Cash Online. I have a parents' night approaching in two weeks and I know my principal and I would love the opportunity to talk with those parents who haven't signed up yet to entice them to get onboard!

Many thanks to you and your team for developing such a great asset for cash and record management!

Sincerely,

A large, stylized handwritten signature in blue ink, which appears to read "Laurette Jones".
