Causality--the Central Philosophy of Buddhism David J. Kalupahana,1975 **A History of Buddhist Philosophy** David J. Kalupahana,1992-03-01 David J Kalupahana s Buddhist Philosophy A Historical Analysis has since its original publication in 1976 offered an unequaled introduction to the philosophical principles and historical development of Buddhism Now representing the culmination of Dr Kalupahana s thirty years of scholarly research and reflection A History of Buddhist Philosophy builds upon and surpasses that earlier work providing a completely reconstructed detailed analysis of both early and later Buddhism **Encyclopedia of Asian Philosophy** Oliver Leaman,2006-10-19 Incorporating cultural and religious contexts this unique Encyclopedia provides a vital guide to the main concepts and thinkers in Asian philosophy starting with Abhidharma and ending with Zurvan The main philosophical trends and thinkers in each geographical area are featured with an emphasis on endtemporary developments and movements The A Z structured encyclopedia emphasizes that Asian philosophy is not merely an ancient form of thought but that it is a living philosophy with roots in the past and also a potent and animate presence today This translates into the reciprocal exchange of theories between Eastern and Western thinking for example of new schools of thought such as orientalism Requiring no prior knowledge of philosophy religion or Asian cultures this book is essential reading for students teachers and the interested individual who wishes to gain an understanding of the philosophical basis to Asian cultural systems **The Ontology of the Middle Way** P. Fenner,2012-12-06 This study is mainly the outcome of work completed as a Ph D thesis at the University of Queensland However it has been revised in many ways since its preparation in dissertation form Many people have contributed to the study and I am concerned that I may fail to mention everyone who has assisted me My first introduction to The Introduction to the Middle Way Madhyamakavatara came through a course I attended at a Buddhist Centre in Queensland called Chenrezig Institute The course was given by Ven Geshe Loden originally of Sera Monastery in India and was translated by Ven Zasep Tulku Besides participating in this course I also attended a number of other courses on Madhyamika presented by these and other lamas in Australia and in Nepal I was also fortunate to spend a semester at the University of Wisconsin Madison studying with Professor Geshe Lhundup Sopa At different times I had the opportunity to discuss in person or through correspondence aspects of the study with a number of leading scholars Professors J W de Jong Robert Thurman Jeffrey Hopkins and Paul Williams gave freely of their expertise although in some cases I know that I was unable to take full advantage of their suggestions Special mention and thanks go Professor Fred Streng who supported the study and gave most graciously of his time In Australia I would like to thank my advisers at the University of Queensland Drs Ross Reat Arvind Sharma and Richard Hutch **Science and Philosophy in the Indian Buddhist Classics, Vol. 1** Thupten Jinpa,2017-11-07 Explores the nature of the material world through the five aggregates used by Buddhist thinkers discussing such topics as sources of knowledge the scope of reason and the nature of time **Poetic Leaps in Zen'S Journey of Enlightenment** Yong

Zhi,2012-08-09 While the philosophical discussion of Zen spirituality reaches its limit poetry offers an effective expression of the sublime experiences From a poetic perspective enlightenment is understood as poetic leaps in the spiritual journey which brings people from the habitually or conventionally established world toward new horizons of consciousness This leap is a breakthrough in the overall consciousness rather than a progression in contemplative thought Therefore it cannot be adequately described through abstract representation but poetry can metaphorically capture this leap and reveal both the spiritual meaning and the practical wisdom of enlightenment This book will take you on this fantastic journey of enlightenment

Early Buddhist Metaphysics Noa Ronkin,2005-02-28 This book provides a philosophical account of the major doctrinal shift in the history of early Theravada tradition in India the transition from the earliest stratum of Buddhist thought to the systematic of the Pali Abhidhamma movement

An Introduction to Early Buddhist Soteriology G. A. Somaratne,2022-05-09 The book offers a comprehensive discussion on the Buddhist liberation and meditation concepts based on the original P li scriptures of Therav da Buddhism It interprets the early Buddhist soteriology critically and sympathetically by interweaving the Buddhological and the Buddhistic debates on understanding the Buddha s original teaching on bondage liberation liberated ones and meditation It showcases the liberal and pluralistic character of early Buddhist soteriology by interpreting it psychologically through the lens of the Buddha s recognition of two sets of psychosomatic and epistemic mental configurations active in the human mind It shows how this dualism pervades the early Buddhist soteriology by pointing out its recognition of craving and ignorance as two causes of suffering the emancipation of mind and the emancipation by wisdom as two constituents of liberation and the meditative appeasing and the meditative watching as two methods to attain that liberation It demonstrates how the Buddha structures a gradual path to liberation enabling individuals to experience many temporary and irreversible secondary goals along the way and allowing them to join the path at any stage appropriate to their temperaments and advancement at a given time and space The book therefore serves the students and scholars of Buddhism religion and psychology to obtain a comprehensive and insightful introduction to Buddhist soteriology

The Tattvasamgraha of Śāntaraksita Kamalaśīla,2022 In The Tattvasamgraha of Santaraksita Charles Goodman translates chapters from the Tattvasamgraha that deal with fundamental philosophical issues like the existence or nonexistence of God and the soul and the compatibility of beliefs about karma with Buddhism s fundamental claim that there is no self Goodman s introductory chapters discuss translation choices and explain the arguments and reasoning employed by the Tattvasamgraha s original authors Santaraksita and Kamalasila
