Michael Mott, 2011-12-07 Expanded THIRD Edition with 4 NEW CHAPTERS and dozens of new and additional images Grave Distractions Publications is proud to announce the publication of the 3RD EDITION of the cult classic CAVERNS CAULDRONS AND CONCEALED CREATURES is the first book of its kind to examine the striking similarities between folklore religious mythic new age fictional and first hand eyewitness and historical accounts of anomalous beings entities cryptids hidden civilizations and related anomalies Drawing from scientific facts folklore comparative mythology and eyewitness anecdotal sources it is demonstrable that the structure of our planet the history of our species the underlying truths disguised as our myths legends folklore and pop culture imagery are not quite what we have been led to believe The Earth itself is much more complex in structure than we have realized and our species has perhaps experienced through the ages encounters and conflicts with others non human intelligences or beings of various types who have seldom been our friends Memories and accounts of these encounters have come down to us in the form of folklore and mythology often viewed with superstitious terror or awe through the conditioned lenses of religions religious interpretation or folk traditions Such encounters are continuing today The theories put forth in this book are based on two types of evidence very strong circumstantial evidence based on folklore mythology religion legends archeology geology and related areas and first hand or witness accounts both ancient and modern Often these two areas of source material or even anecdotal evidence overlap It is possible that these various phenomena and beings are in fact modern representations of those who have traditionally been considered fairies gnomes trolls nagas djinn aliens and their magic is a technology of such antiquity advancement and complexity that it is to our limited understanding magical With UFOlogy cryptozoology Fortean phenomena and all the rest we are in fact seeing perhaps even participating in an ongoing contemporary update of folklore which is in actuality the way our human minds attempt to gather categorize assimilate comprehend and decipher as well as cover up with terror masking simplifications the very REAL evidence for the existence of such beings and their ongoing yet seemingly inexplicable activities From ancient myths to modern experiences from credible witnesses it is ALL folklore and ancient folk traditions may contain much more truth than has previously been believed just as forteana and related topics do today Once we make the leap of understanding that the creation of folklore is part of the process of comprehending these mysteries and even may be caused by them the whole picture of our culture literature fairytales Jungian archetypes and so on takes on an entirely different light The creation of folklore based on very real others and their parasitical or otherwise peripheral activities has become an instinctive mind protecting function for the collective human mind Throughout our oral and written history as a species folktales and folk traditions have either hinted at or

indicated the reality of this hidden world which surrounds us The furtive and parasitical nature of this alternate reality leaves no doubt as to the intrinsic hostility of these others or at best the indifference that some of their racial types or subspecies exhibit toward humankind This book has been previously published in a First Edition an expanded Second Edition and now is offered EXCLUSIVELY in a greatly expanded magnum opus 3rd Edition presentation by Grave Distractions Publications with introductions by Brad Steiger Micha Hanks Brian J Allen and Dean de Lucia
