Cold War Asia Hajimu Masuda, 2025-05-05 Conventional narratives of the Cold War revolve around high-level diplomats and state leaders in Washington, Beijing, and Moscow, but this anthology instead reveals how ordinary people across Asia experienced the era. Heavily rooted in oral history, this study takes readers to the villages of rural Java, the jungles of northern Thailand, the indigenous tribal communities of Kerala, India, and many other places in this vast region. Masuda Hajimu organizes each chapter around the theme of many Cold Wars, or more precisely, the many local and social wars that were imagined as part of the global Cold War. These histories raise fundamental questions about standard Cold War narratives.
