Collapse Of An Empire Lessons For Modern Russia:

Collapse of an Empire Yegor Gaidar, 2010-01-01 My goal is to show the reader that the Soviet political and economic system was unstable by its very nature It was just a question of when and how it would collapse From the Introduction to Collapse of an Empire The Soviet Union was an empire in many senses of the word a vast mix of far flung regions and accidental citizens by way of conquest or annexation Typical of such empires it was built on shaky foundations That instability made its demise inevitable asserts Yegor Gaidar former prime minister of Russia and architect of the shock therapy economic reforms of the 1990s Yet a growing desire to return to the glory days of empire is pushing today s Russia backward into many of the same traps that made the Soviet Union untenable In this important new book Gaidar clearly illustrates why Russian nostalgia for empire is dangerous and ill fated Dreams of returning to another era are illusory Attempts to do so will lead to defeat Gaidar uses world history the Soviet experience and economic analysis to demonstrate why swimming against this tide of history would be a huge mistake The USSR sowed the seeds of its own economic destruction and Gaidar worries that Russia is repeating some of those mistakes Once again for example the nation is putting too many eggs into one basket leaving the nation vulnerable to fluctuations in the energy market The Soviets had used revenues from energy sales to prop up struggling sectors such as agriculture which was so thoroughly ravaged by hyperindustrialization that the Soviet Union became a net importer of food When oil prices dropped in the 1980s that revenue stream diminished and dependent sectors suffered heavily Although strategies requiring austerity or sacrifice can be politically difficult Russia needs to prepare for such downturns and restrain spending during prosperous times Collapse of an Empire shows why it is imperative to fix the roof before it starts to rain and why so

Collapse of an Empire Egor Timurovich Gaïdar, 2007 The USSR sowed the seeds of its own economic destruction The author uses world history the Soviet experience and economic analysis to demonstrate why swimming against this tide of history would be a huge mistake

Russia After The Global Economic Crisis , 2010 **Fortress Russia** Ilya Yablokov, 2018-08-30 Allegations of Russian conspiracies meddling in the affairs of Western countries have been a persistent feature of Western politics since the Cold War allegations of Russian interference in the US presidential election are only the most recent in a long series of conspiracy allegations that mark the history of the twentieth century But Russian politics is rife with conspiracies about the West too Everything bad that happens in Russia is traced back by some to an anti Russian plot that is hatched in the West Even the collapse of the Soviet Union this crucial turning point in world politics that left the USA as the only remaining superpower was according to some Russian conspiracy theorists planned and executed by Russia s enemies in the West This book is the first ever study of Russian conspiracy theories in the post Soviet period It examines why these conspiracy theories have emerged and gained currency in Russia and what role intellectuals have played in this process The book shows how in the new millennium the image of the dangerous conspiring West provides national unity and has helped legitimize Russia s rapid

turn to authoritarianism under Vladimir Putin **Collapse** Vladislav M. Zubok, 2021-11-30 A major study of the collapse of the Soviet Union showing how Gorbachev's misguided reforms led to its demise A deeply informed account of how the Soviet Union fell apart Rodric Braithwaite Financial Times A masterly analysis Joshua Rubenstein Wall Street Journal In 1945 the Soviet Union controlled half of Europe and was a founding member of the United Nations By 1991 it had an army four million strong with five thousand nuclear tipped missiles and was the second biggest producer of oil in the world But soon afterward the union sank into an economic crisis and was torn apart by nationalist separatism Its collapse was one of the seismic shifts of the twentieth century Thirty years on Vladislav Zubok offers a major reinterpretation of the final years of the USSR refuting the notion that the breakup of the Soviet order was inevitable Instead Zubok reveals how Gorbachev's misguided reforms intended to modernize and democratize the Soviet Union deprived the government of resources and empowered separatism Collapse sheds new light on Russian democratic populism the Baltic struggle for independence the crisis of Soviet finances and the fragility of authoritarian state power **The Russia Balance Sheet** Anders Åslund, 2009 Introduction why Russia matters and how Russia's historical roots Political development from disorder to recentralization of power Russia's economic revival past recovery future challenges Policy on oil and gas International economic integration trade policy and investment Challenges of demography and health Russian attitudes toward the West Russia as a post imperial power Pressing the reset button on US Russia relations Key facts on Russia 2000 2008 Reexamining Economic and Political Reforms in Russia, 1985-2000 Vladimir Gel'man, Dmitry Travin, Otar Marganiya, 2014-06-25 Reexamining Economic and Political Reforms in Russia 1985 2000 Generations Ideas and Changes analyzes the impact of generational changes and ideational changes on major political and economic reforms conducted in Russia during the late twentieth century This book examines how the policy agenda was shaped by the ideas of the generations representatives for the sixties and seventies Representatives of the generation of sixties conducted reforms from 1985 to 1991 and invested major efforts in political liberalization but did not pay enough attention to economic reforms On the other hand the reformers from the generation of seventies who were in charge of policy making from 1991 to 1998 were genuinely oriented toward market building but rather insensitive to the democratization of the political regime This book explores how these differences in ideational agendas produced inconsistent and controversial outcomes from both stages of reforms **Putin's Wars** Marcel H. Van Herpen, 2024-01-03 The third edition of this acclaimed book offers a systematic analysis of Putin's three wars placing the Second Chechen War the war with Georgia of 2008 and the current war with Ukraine in their broader historical context Drawing on extensive original Russian sources Marcel H Van Herpen analyzes in detail how Putin's wars have been prepared and conducted and why they have led to allegations of war crimes and genocide He shows how the conflicts have attempted to consolidate and legitimate Putin's regime and explores how they are connected to a fourth hidden internal war waged by the Kremlin against the opposition The author convincingly argues that the Kremlin relying on the secret services the

Orthodox Church the Kremlin youth Nashi and the rehabilitated Cossacks is preparing for an imperial revival most recently in the form of a Eurasian Union An essential book for understanding the dynamics of Putin s regime this study digs deep into the Kremlin s secret long term strategies Readable and clearly argued it makes a compelling case that Putin s regime emulates an established Russian paradigm in which empire building and despotic rule are mutually reinforcing As the first comprehensive exploration of the historical antecedents and political continuity of the Kremlin s contemporary policies Van Herpen s work will make a valuable contribution to the literature on post Soviet Russia and his arguments will stimulate a fascinating and vigorous debate

Mr. Putin REV Fiona Hill, Clifford G. Gaddy, 2015-02-02 Fiona Hill and other U S public servants have been recognized as Guardians of the Year in TIME s 2019 Person of the Year issue From the KGB to the Kremlin a multidimensional portrait of the man at war with the West Where do Vladimir Putin s ideas come from How does he look at the outside world What does he want and how far is he willing to go The great lesson of the outbreak of World War I in 1914 was the danger of misreading the statements actions and intentions of the adversary Today Vladimir Putin has become the greatest challenge to European security and the global world order in decades Russia s 8 000 nuclear weapons underscore the huge risks of not understanding who Putin is Featuring five new chapters this new edition dispels potentially dangerous misconceptions about Putin and offers a clear eyed look at his objectives It presents Putin as a reflection of deeply ingrained Russian ways of thinking as well as his unique personal background and experience Praise for the first edition If you want to begin to understand Russia today read this book Sir John Scarlett former chief of the British Secret Intelligence Service MI6 For anyone wishing to understand Russia s evolution since the breakup of the Soviet Union and its trajectory since then the book you hold in your hand is an essential guide John McLaughlin former deputy director of U S Central Intelligence Of the many biographies of Vladimir Putin that have appeared in recent years this one is the most useful Foreign Affairs This is not just another Putin biography It is a psychological portrait The Financial Times Q Do you have time to read books If so which ones would you recommend My goodness let s see There s Mr Putin by Fiona Hill and Clifford Gaddy Insightful Vice President Joseph Biden in Joe Biden The Rolling Stone Interview

Authoritarian Modernization in Russia Vladimir Gel'man, 2016-08-12 Post Communist Russia is an instance of the phenomenon of authoritarian modernization project which is perceived as a set of policies intended to achieve a high level of economic development while political freedoms remain beyond the current modernization agenda or are postponed to a distant future Why did Russia unlike many countries of post Communist Europe pursue authoritarian modernization after the Soviet collapse What is the ideational agenda behind this project and why does it dominate Russia s post Communist political landscape What are the mechanisms of political governance which maintain this project and how have they adopted and absorbed various democratic institutions and practices Why has this project brought such diverse results in various policy arenas and why have the consequences of certain policies become so controversial Why despite so many controversies shortcomings and flaws has this project

remained attractive in the eyes of a large proportion of the Russian elite and ordinary citizens. This volume intended to place some of these questions on the research agenda and propose several answers encouraging further discussions about the logic and mechanisms of the authoritarian modernization project in post-Communist Russia and its effects on Russia's politics, economy, and society.
