By Gillian Rose *Mourning Becomes the Law* Philosophy And Representation Paperback:

Mourning Becomes the Law Gillian Rose, 1996-09-12 In *Mourning Becomes the Law* Gillian Rose takes us beyond the impasse of post modernism or despairing rationalism without reason. Arguing that the post modern search for a new ethics and ironic philosophy are incoherent, she breathes new life into the debates concerning power and domination, transcendence and eternity. *Mourning Becomes the Law* is the philosophical counterpart to Gillian Rose's highly acclaimed memoir *Love's Work*. She extends similar clarity and insight to discussions of architecture, cinema, painting and poetry through which relations between the formation of the individual and the theory of justice are connected. At the heart of this reconnection lies a reflection on the significance of the Holocaust and Judaism. *Mourning Becomes the Law* reinvents the classical analogy of the soul, the city and the sacred. It returns philosophy, Nietzsche's bestowing virtue to the pulse of our intellectual and political culture.

Levinas's Ethical Politics Michael L. Morgan, 2016-05-09 Emmanuel Levinas conceives of our lives as fundamentally interpersonal and ethical, claiming that our responsibilities to one another should shape all of our actions. While many scholars believe that Levinas failed to develop a robust view of political ethics, Michael L. Morgan argues against understandings of Levinas's thought that find him politically wanting or even antipolitical. Morgan examines Levinas's ethical critique of the political as well as his Jewish writings, including those on Zionism and the founding of the Jewish state, which are controversial reflections of Levinas's political expression. Unlike others who dismiss Levinas as irrelevant or anarchical, Morgan is the first to give extensive treatment to Levinas as a serious social political thinker whose ethics must be understood in terms of its political implications. Morgan reveals Levinas's political commitments to liberalism and democracy as well as his revolutionary conception of human life as deeply interconnected on philosophical, political and religious grounds.

The Tragic Imagination Rowan Williams, 2016-09-19 *The Literary Agenda* is a series of short polemical monographs about the importance of literature and of reading in the wider world and about the state of literary education inside schools and universities. The category of the literary has always been contentious. What is clear, however, is how increasingly it is dismissed or is unrecognised as a way of thinking or an arena for thought. It is sceptically challenged from within, for example, by the sometimes rival claims of cultural history, contextualized explanation or media studies. It is shaken

from without by even greater pressures by economic exigency and the severe social attitudes that can follow from it by technological change that may leave the traditional forms of serious human communication looking merely antiquated For just these reasons this is the right time for renewal to start reinvigorated work into the meaning and value of literary reading This short but thought provoking volume asks the question What is it that tragedy makes us know The focus is on tragedy as a mode of representing the experience of radical suffering pain or loss a mode of narrative through which we come to know certain things about ourselves and our world about its fragility and ours Through a mixture of historical discussion and close reading of a number of dramatic texts from Sophocles to Sarah Kane the book addresses a wide range of debates how tragedy is defined whether there is such a thing as absolute tragedy various modern attempts to rework the classical heritage and the relation of comedy to tragedy There is also a fresh discussion of whether religious particularly Christian discourse is inimical to the tragic and of the necessary tension between tragic narrative and certain kinds of political as well as religious rhetoric Rowan Williams argues that tragic drama both articulates failure and frailty and in affirming the possibility of narrating the story of traumatic loss refuses to settle for passivity resignation or despair In this sense it still shows the trace of its ritual and religious roots And in challenging two dimensional models of society power humanity and human knowing it remains an intrinsic part of any fully humanist culture Anne Carson Elizabeth Sarah Coles,2023 The scene with which I begin this chapter is the kind of scene that interests Carson In the words of her Essay on What I Think About Most 1999 a disquisition on mistake in stanzas of unrhyming verse the wilful creation of error is the action of the master contriver the poet what Aristotle would call an imitator of reality Like the true mistakes of poetry the matter Carson confesses to think about most Streb's choreographed falls perform the conversion of human error into an art form Under the dancer's regime and by an extraordinary coup of artifice the emotions of mistake shame exposure thrill are handed to us putting our own contradictions and odd longings centre stage *Church State Corporation* Winnifred Fallers Sullivan,2020-07-15 Church and state a simple phrase that reflects one of the most famous and fraught relationships in the history of the United States But what exactly is the church and how is it understood in US law today In *Church State Corporation* religion and law scholar Winnifred Fallers Sullivan uncovers the deeply ambiguous and often unacknowledged ways in which Christian theology remains alive and at work in the American legal imagination Through readings of the opinions of the US Supreme Court and other legal texts Sullivan shows how the church as a religious collective is granted special privilege in US law In depth analyses of *Hosanna Tabor v EEOC* and *Burwell v Hobby Lobby* reveal that the law tends to honor the religious rights of the group whether in the form of a church as in *Hosanna Tabor* or in corporate form as in *Hobby Lobby* over the rights of the individual offering corporate religious entities an autonomy denied to their respective members In discussing the various communities that construct the church shaped space in American law Sullivan also delves into disputes over church property the legal exploitation of the black church in the criminal justice system and the recent

case of Masterpiece Cakeshop v Colorado Civil Rights Commission Brimming with insight Church State Corporation provocatively challenges our most basic beliefs about the ties between religion and law in ostensibly secular democracies

Tragedy and the Witness Fred Parker, 2025-04-15 As he dies Hamlet pleads with Horatio to report me aright tell my story This book deals with the task of bearing witness to anguish atrocity and madness as these are staged in the tragic theatre Focusing on the relationship between the protagonist and the onlooker or witness it explores how the tragic figure often and understandably viewed as alien or culpable or profoundly strange struggles to be understood Centred on Shakespeare its wide ranging approach also introduces works by among others the Greeks Racine Ibsen Pirandello Kafka Beckett and Kane The discussion intersects with trauma studies and with psychoanalytic theory especially around how subjective experience is held by others The challenge of entering into such difficult experience is likened to the offering of hospitality to the foreigner or stranger the challenge of overcoming xenophobia Another large concern is with how tragedy represents madness and how far such states of mind may be shared with an audience particularly through the lens of King Lear Written in an accessible style this book grounds tragedy in matters that resonate in common experience from mental breakdown and our need to be heard to questions around grieving trauma and the ethics of telling someone s story Subverting Scriptures B.
