The Fiction of Tim Winton Lyn McCredde, 2017-02-08 In *The Fiction of Tim Winton* Lyn McCredde explores the work of a major Australian author who bridges the literary popular divide. Tim Winton has won the Miles Franklin Literary Award a record four times and has twice been shortlisted for the Man Booker Prize. His novels and short stories are widely studied in schools and universities and have been lauded by critics both in Australia and internationally. Unusually for an Australian literary author he is also one of the country's most enduringly popular writers. *Cloudstreet* was voted Australia's favourite book in a poll conducted by the ABC; his books regularly appear on bestseller lists and his stories have been adapted for the stage, television, cinema and opera. In this wide-ranging study of Winton's work and career McCredde considers how Winton has sustained a strong mainstream following while exploring complex themes and moving between genres. Attending to both secular and sacred frames of reference she considers his treatment of class, gender, place, landscape and belonging and shows how a compassion for human falling and redemption permeates his work. She demonstrates how his engagement with these recurring ideas has deepened and changed over time and how he has moved between and challenged the categories of the popular and the literary. *The Representation of Dance in Australian Novels* Melinda Jewell, 2011 This book is an analysis of the textual representation of dance in the Australian novel since the late 1890s. It examines how the act of dance is variously portrayed, how the word dance is used metaphorically to convey actual or imagined movement and how dance is written in a novelistic form. The author employs a wide range of theoretical approaches including postcolonial studies, theories concerned with class, gender, metaphor and dance and in particular Jung's concept of the shadow and theories concerned with vision. Through these variegated approaches the study critiques the common view that dance is an expression of *joie de vivre*, liberation, transcendence, order and beauty. This text also probes issues concerned with the enactment of dance in Australia and abroad and contributes to an understanding of how dance is translated into literature. It makes an important contribution because the study of dance in Australian literature has been minimal and this despite the reality that dance is prolific in Australian novels.
