

WRITING AN ESSAY USING SOURCES: PLANNING

Introduction	C	Contextualise	Write one to three sentences that discusses the popular view of the topic or its relevance to today (or some other general statement about the topic). Often this focuses on the <i>historical debate</i> about this topic. Your task sheet has context information.
	T	Thesis	Address the question and provide your thesis (one or two sentences).
	A	Arguments	Preview the key arguments that this essay will develop (three or four) in a very brief manner.

Body Paragraph: This is the BARE minimum – refer to other examples for more detailed responses	T	Topic sentence (topic + thesis)	Your topic sentence should provide a clear statement for the subject of the paragraph and should link firmly to the question. (No specific details of the topic – such as examples or evidence at this stage.)
	E	Evidence	Examples (including direct quotes and paraphrasing) from the text as well as references to external sources are needed to substantiate and prove each point.
	E	Evaluation	2-3 sentences of analysis of the features of the evidence (including TOPMAC) and statements about likely reliability and usefulness.
	J	Justify	State the extent this evidence (and its likely reliability) supports your thesis. In other words, you say how the evidence justifies your conclusions (and the thesis).

Conclusion	T	Thesis	Restate the Thesis, perhaps in a slightly different form to that used in the introduction.
	A	Arguments	Make clear the separate arguments that were presented in the essay, including the way each point is interrelated and/or linked.
	G	General statement	End your essay with a final, summarising statement (try and avoid quotes, they can be very clichéd) that re-contextualises your main arguments into the broader ideas of the field of study / how this is a significant topic for investigation.
