The Rise of Catalan Identity Pompeu Casanovas, Montserrat Corretger, Vicent Salvador, 2019-05-16 This volume helps us to understand that the current political disorders in Catalonia have deep cultural roots It focuses on the rise of Catalan cultural national and linguistic identity in the 20th century What is happening in Catalonia What lies behind its political conflicts Catalan identity has been evolving for centuries starting in early medieval ages 11th and 12th centuries It is not a modern phenomenon The emergence of imperial Spain in the 16th c and the French Ancien Régime in the 17th c correlates with a decline of Catalan culture which was politically absorbed by the Spanish state after the conquest of Barcelona in 1714 However Catalan language and culture flourished again under the stimulus of the European Romantic Nationalism movement known as the *Renaixença* in Catalonia During the first Dictatorship Primo de Rivera 1923 1930 the Spanish Civil War 1936 1939 and the long Francoist era 1939 1975 Catalan language and culture were repressed yet refurbished and reconstructed

at the same time This rise of a plural complex and non homogeneous Catalan identity constitutes the subject matter of this volume National conflicts that emerged later in the Spanish democratic state leant heavily on the life engagement and vital commitment experienced by the entrenched intellectual movements of the twentieth century in Catalonia Valencian Country and the Balearic Islands This book reveals the cultural and literary grassroots of these conflicts
