Gehman, 2005 [Understanding Spiritual Warfare](#) James K. Beilby, Paul Rhodes Eddy, 2012-12-01 The topic of spiritual warfare is an issue of ongoing interest in a number of sectors of the contemporary church This four view work brings together leading theologians and ministry leaders to present major views on spiritual warfare in dialogical fashion all authors present their views and then respond to each of the other views Contributors include Walter Wink with Gareth Higgins and Michael Hardin David Powlison Gregory Boyd C Peter Wagner and Rebecca Greenwood This volume provides a balanced irenic approach to a much discussed and often controversial topic Offering a model of critical thinking and respectful dialogue it highlights the differences between contributors discusses a full range of important topics on the subject and deploys biblical as well as theological arguments *The Dark Side of Leadership* Dr Tessie Herbst, 2014-03-28 This book highlights the fact that leaders do indeed affect the performance of organizations or the well being of society for better or worst to cast either a shadow or light by the exercise of their leadership Modern psychology with its theories of human behavior which does not acknowledge the existence of the spiritual realm cannot explain the carnage and evil often associated with the dark side of leadership This book focuses on the dark side of leadership in a multidimensional manner and provides a psychospiritual approach toward understanding personality disorders and leader derailment It highlights an area that has not been widely studied by leadership researchers to date the dynamic relationship between the psychological

and spiritual domains in shaping the dark side which lead to leadership failure and derailment This book calls for a more interdisciplinary approach and holistic understanding of the dark side of leadership inseparably relating body soul and spirit as they function individually and relationally It highlights the fact that the restoration of personality will require sustained dialogue between theologians and the medical and psychological professions Such a theoretical perspective would help us better understand how personality disorders develop not only emotionally and psychologically but spiritually **All That Jesus Asks** Stan Guthrie,2010-11-01 More books have been written about Jesus than any other historical figure Many of these books ask and answer questions about Jesus All That Jesus Asks allows him to do the asking and shows why getting the right answers will change your life Covering nearly 300 questions recorded in the New Testament under twenty six separate themes All That Jesus Asks uncovers who Jesus is by examining what was important to him and what he wants us to believe This unique and comprehensive look at the greatest figure in history will encourage and challenge readers Finding Quiet J.
