Christ And The Media:

Christ and the Media Malcolm Muggeridge, 2003 The media in general and TV in particular are incomparably the greatest single influence in our society This influence is in my opinion largely exerted irresponsibly arbitrarily and without reference to any moral or intellectual still less spiritual guidelines whatsoever Throughout his journalistic career Malcolm Muggeridge was a commentator On radio and television as a lecturer journalist and author he fascinated delighted provoked and sometimes infuriated his audiences Christ and the Media is a sharp witty critique of media oriented culture with such intriguing fantasies as the the Fourth Temptation in which Jesus is approached with the offer of a worldwide TV network Future historians wrote Muggeridge will surely see us as having created in the media a Frankenstein monster which no one knows how to control or direct and marvel that we should have so meekly subjected ourselves to its destructive and often malign influence Born in 1903 started his career as a university lecturer at the university in Cairo before taking up journalism As a journalist he worked around the world on the Guardian Calcutta Statesman the Evening Standard and the Daily Telegraph and then in 1953 became editor of Punch where he remained for four years In later years he became best known as a broadcaster both on television and radio for the BBC His other books include Jesus Rediscovered Jesus The Man Who Lives and A Third Testament He died in 1990 *Christ and the Media* Malcolm Muggeridge, 1977 First the basic theme of these lectures is Muggeridge's conviction that the media particularly television has had an extremely negative effect on our civilization and that this effect can only be expected to grow In other words he sees television not as something neutral which can be used for good or ill Instead he sees it always tending toward evil not good The technical complexities necessity of editing and the demands of the public make the television producer turn reality into fantasy Is he right Is television beyond redemption Whether or not he is right he will make us think from the Foreword by Billy Graham **Christ and the Media** Malcolm Muggeridge, 2003 *Competing Spectacles* Tony Reinke, 2019 In a world of shiny attractions that grab our attention and demand our affections *Competing Spectacles* helps us to thrive spiritually by asking critical questions about where we place our focus **The New Media Frontier** John Mark Reynolds, 2008 Experts survey the new media landscape and explore specific ways in which Christians can expand their ministry effectiveness and advance their worldview with discernment and grace **Infinite Bandwidth** Eugene Gan, 2010 Franciscan University of Steubenville Professor Eugene Gan authors this first of its kind Catholic roadmap for the digital age *Infinite Bandwidth* Encountering Christ in the Media He navigates you faithfully through the digital world encouraging frustrated parents not to throw out cell phones ban the Internet chuck computers or pitch portable media devices That would be a mistake and believe it or not would be going against more than seven decades of Catholic teaching From Church documents on social communications Gan extracts seven principles or media keys of how to approach and use media The Church and Gan say that we must enter into the modern day Areopagus the social and intellectual hub of ancient Athens where Paul preached to pagans and use the media tools God has

given us to make truth known and serve mankind Cardinal John Patrick Foley says Frankly I wish that such a book had existed when I was president of the Pontifical Council for Social Communications as a text which I could have recommended The important thing however is that it exists now to provide a text context and challenge for those who wish to bring both Christian principles and professional excellence to their work in the media Gan offers chapter after chapter of real life experience of how to assess movies games and gadgets for you and your teens Of how to judge the merits of a film like Saving Private Ryan and what sets it apart from Nightmare on Elm Street Can the one be acceptable viewing and the other not Definitely And Gan details why Infinite Bandwidth Encountering Christ in the Media is way out front of the newest gizmo and will stay there thanks to its timeless principles that can be applied in all digital terrain now and the future Parents educators and students will put this book down with an entirely different attitude about the relationship between faith and media use

Media in Church and Mission: Viggo Sogaard, Viggo Sgaard, 2018-10-01 Although written before much of the revolution in digital media this book provides a lot of useful strategic input for those involved in media and Scripture Engagement *Christ and the media 1. print* Malcolm Muggeridge, 1977 TheoMedia Andrew Byers, 2014-08-28 The church can be uncertain of itself in our digital age Some Christians denounce the twenty first century s media culture while others embrace the latest gadgets and apps as soon as they appear Many of us are stumbling along amidst the tweets status updates podcasts and blog posts wondering if we have ventured into a realm beyond the scope of biblical wisdom Though there is such a thing as new media Andrew Byers reminds us that the actual concept of media is ancient theological and even biblical In fact there is such a thing as the media of God TheoMedia are means by which God communicates and reveals himself creation divine speech inspired writings the visual symbol of the cross and more Christians are actually called to media saturation But the media that are to most prominently saturate our lives are the media of God If God creates and uses media then Scripture provides a theological logic by which we can create and use media in the digital age This book is not an unqualified endorsement of the latest media products or a tirade against media technology Instead Byers calls us to rethink our understanding of media in terms of the media of God in the biblical story of redemption

From Jesus to the Internet Peter Horsfield, 2015-06-15 From Jesus to the Internet examines Christianity as a mediated phenomenon paying particular attention to how various forms of media have influenced and developed the Christian tradition over the centuries It is the first systematic survey of this topic and the author provides those studying or interested in the intersection of religion and media with a lively and engaging chronological narrative With insights into some of Christianity s most hotly debated contemporary issues this book provides a much needed historical basis for this interdisciplinary field
