**Barry Alexander Kosmin, Paul
Ritterband**

Contemporary Jewish Philanthropy In America:

Contemporary Jewish Philanthropy in America Barry Alexander Kosmin, Paul Ritterband, 1991 Contemporary Jewish Philanthropy in America provides a comprehensive overview of how Tzedakah the obligation to give to share to help can be understood taught and realized in contemporary society The chapters in this book examine the social sources for philanthropy the various types of givers recent trends in philanthropy large scale giving and clients perspectives The contributors to this volume social scientists communal leaders and practitioners who are associated with the Council of Jewish Federations and the North American Jewish Data Bank analyze the motivations and functions of Jewish giving in order to throw light on this enormous and vital enterprise

The American Jewish Philanthropic Complex Lila Corwin Berman, 2022-08-30 The first comprehensive history of American Jewish philanthropy and its influence on democracy and capitalism For years American Jewish philanthropy has been celebrated as the proudest product of Jewish endeavors in the United States its virtues extending from the local to the global the Jewish to the non Jewish and modest donations to vast endowments Yet as Lila Corwin Berman illuminates in The American Jewish Philanthropic Complex the history of American Jewish philanthropy reveals the far more complicated reality of changing and uneasy relationships among philanthropy democracy and capitalism With a fresh eye and lucid prose and relying on previously untapped sources Berman shows that from its nineteenth century roots to its apex in the late twentieth century the American Jewish philanthropic complex tied Jewish institutions to the American state The government's regulatory efforts most importantly tax policies situated philanthropy at the core of its experiments to maintain the public good without trammeling on the private freedoms of individuals Jewish philanthropic institutions and leaders gained financial strength political influence and state protections within this framework However over time the vast inequalities in resource distribution that marked American state policy became inseparable from philanthropic practice By the turn of the millennium Jewish philanthropic institutions reflected the state's growing investment in capitalism against democratic interests But well before that Jewish philanthropy had already entered into a tight relationship with the governing forces of American life reinforcing and even transforming the nation's laws and policies The American Jewish Philanthropic Complex uncovers how capitalism and private interests came to command authority over the public good in Jewish life and beyond

Philanthropy in America Dwight F. Burlingame, 2004-08-19 A landmark three volume reference work documenting philanthropy and the nonprofit sector throughout American history edited by the field's most widely recognized authority Developed under the guidance of Dr Dwight Burlingame of the Indiana University Center on Philanthropy one of the nation's premier institutes for the study of philanthropy the three volume Philanthropy in America A Comprehensive Historical Encyclopedia is the definitive work on philanthropic charitable and nonprofit endeavors in the United States The first section of the encyclopedia contains over 200 A Z entries covering the lives of important philanthropists the missions and practices of key institutions and organizations

and the impact of seminal events throughout the history of the nonprofit sector in America from precolonial times to the present Discussions of philanthropic traditions in ancient civilizations in Europe during colonial times and in countries around the world today provide fascinating contexts for understanding how the American philanthropic experience has developed The encyclopedia also includes a collection of primary source documents legislation foundation reports mission statements etc for convenient review and further research

Exploring American Jewish History through 50 Historic Treasures Avi Y. Decter, 2024-03-05 Exploring American Jewish History through 50 Historic Treasures offers students and general readers new perspectives on the rich complexity of Jewish experiences in America As one of America's most fascinating and enduring minorities American Jews have played key roles in every era of American history and every region of the country The 50 treasures are depicted in full color and range from a family cookbook to a college campus and include items that are iconic ordinary and whimsical Each of the treasures is described in historical material and visual contexts offering readers new unexpected insights into the meanings of Jewish life history and culture

Contemporary Israel Frederick E. Greenspahn, 2016-08-09 For a country smaller than Vermont with roughly the same population as Honduras modern Israel receives a remarkable amount of attention For supporters it is a unique bastion of democracy in the Middle East while detractors view it as a racist outpost of Western colonialism The romanticization of Israel became particularly prominent in 1967 when its military prowess shocked a Jewish world still reeling from the sense of powerlessness dramatized by the Holocaust That imagery has grown ever more visible with Israel's supporters idealizing its technological achievements and its opponents attributing almost every problem in the region if not beyond to its imperialistic aspirations The contradictions and competing views of modern Israel are the subject of this book There is much to consider about modern Israel besides the Middle East conflict Over the past generation a substantial body of scholarship has explored numerous aspects of the country including its approaches to citizenship and immigration the arts the women's movement religious fundamentalism and language but much of that work has to date been confined within the walls of the academy This book does not seek not to resolve either the country's internal debates or its struggle with the Arab world but to present a sample of contemporary scholars' discoveries and discussions about modern Israel in an accessible way In each of the areas

discussed competing narratives grapple for prominence and it is these which are highlighted in this volume

Religion in Philanthropic Organizations Thomas J. Davis, 2021-12-22 Religion in Philanthropic Organizations explores the tensions inherent in religious philanthropies across a variety of organizations and examines the effect assumptions about professional philanthropy have had on how religious philanthropies carry out their activities Among the organizations discussed are the Salvation Army the World Council of Churches and Catholic Charities USA The essays focus on the work of one individual Robert Pierce founder of World Vision and Samaritan's Purse and on more general matters such as philanthropy and Jewish identity American Muslim philanthropy since 9/11 and the federal program that funds faith-based initiatives The book sheds

light on how religion and philanthropy function in American society shaping and being shaped by the culture and its notions of the common good

Economics of American Judaism Carmel Chiswick,2008-02-14 This book collects in one readily accessible volume the pioneering research of Carmel U Chiswick on the Economics of American Judaism Filling a major gap in the social scientific literature Chiswick s economic perspective complements that of other social scientists and historians She demonstrates clearly that economic analysis can deepen our un

Jewish Giving Jack Wertheimer,2025-07-22 Evaluating Jewish donors over time The American Jewish philanthropic enterprise is unparalleled in scope dynamism and the diversity of funders and the causes they support Yet even as Jewish giving has been largely successful in responding with alacrity to emergencies it has been subjected to severe criticism What once was regarded as a point of pride has become the object of scorn and dismissal with skepticism if not harsh criticism about its work rife both within and outside Jewish communal circles Based on 320 interviews with professionals at Jewish not for profits across the United States principals of foundations and their top staff personnel and also tax filings of major foundations Jewish Giving provides readers with fresh perspectives to evaluate the efforts of Jewish donors large and small The book traces the evolution of Jewish giving from the colonial era to the present charting the changing profile of those who give to Jewish causes and what funders have aimed to achieve through their largesse It makes the case that philanthropy serves as a prism through which broader themes in communal life are illuminated As society or politics change the priorities of charitable giving adjust in response These changes in targeted funding can help to sharpen our understanding of demographic and social patterns Devoting much attention to twenty first century developments in contemporary Jewish giving the book pays special attention to the changing landscape of donors who are remaking Jewish philanthropy including women Orthodox Jews Sephardi givers and young funders

Poverty in the United States Gwendolyn Mink,Alice M. O'Connor,2004-11-22 The first interdisciplinary reference to cover the socioeconomic and political history the movements and the changing face of poverty in the United States Poverty in the United States An Encyclopedia of History Politics and Policy follows the history of poverty in the United States with an emphasis on the 20th century and examines the involvement of public policy and the impact of critical movements in social welfare such as the New Deal the War on Poverty and more recently the end of welfare as we know it Encompassing the contributions of hundreds of experts including historians sociologists and political scientists this resource provides a much broader level of information than previous highly selective works With approximately 300 alphabetically organized topics it covers topics and issues ranging from affirmative action to the Bracero Program the Great Depression and living wage campaigns to domestic abuse and unemployment Other entries describe and analyze the definitions and explanations of poverty the relationship of the welfare state to poverty and the political responses by the poor middle class professionals and the policy elite

Foreign Aid in the Middle East Beáta Paragi,2019-02-28 What do we mean by gifts in International Relations Can foreign aid be conceptualized as a gift Most foreign aid transactions are unilateral and financially

unreciprocated yet donors expect to benefit from them Previous research dealing with foreign aid has analyzed the main donor motives and interests in providing financial support This book offers an in depth analysis of the invisible political or social exchange taking place between recipient countries and donors when a grant agreement is signed Focusing on Egypt Jordan Palestine and Israel the main beneficiaries of Western foreign aid the book uses gift theories and theories of social exchange to show how international social bonds are shaped by foreign aid and in what ways recipient countries are obliged to return the gift they receive Foreign aid is a means of buying stability or democracy in the region but Beata Paragi is interested here to understand the actual feasibility of Western assistance Looking at the context of the Arab Spring the book examines how aid impacts on a recipient country s domestic political events such as war the quest for self determination the struggle against occupation and the fight for dignity An original contribution to Middle East Studies and International Relations the research presents an alternative interpretation of foreign aid and show how external funds interact with local developments and realities

Delve into the emotional tapestry woven by Emotional Journey with in **Contemporary Jewish Philanthropy In America** .
