Cp Snow An Oral Biography:

C.P. Snow, an Oral Biography John Halperin, Charles Percy Snow, Pamela Hansford Johnson, 1983 An Index to John Halperin's C.P. Snow--an Oral Biography (New York: St. Martin's Press, C1983) Charles Percy Snow, Pamela Hansford Johnson, 1985 **C.P. Snow** N. Tredell, 2012-09-24 Novelist and cultural commentator C P Snow was a large and controversial presence in his lifetime but his work has been largely neglected since his death in 1980 This is the first 21st century book to offer a clear informed and sympathetic survey of all his novels and major non fiction books and to affirm their importance for the world today C. P. Snow and the Struggle of Modernity John de la Mothe, 2013-09-06 The condition of modernity springs from that tension between science and the humanities that had its roots in the Enlightenment but reached its full flowering with the rise of twentieth century technology It manifests itself most notably in the crisis of individuality that is generated by the nexus of science literature and politics one that challenges each of us to find a way of balancing our personal identities between our public and private selves in an otherwise estranging world This challenge which can only be expressed as the struggle of modernity perhaps finds no better expression than in C P Snow In his career as novelist scientist and civil servant C P Snow 1905 1980 attempted to bridge the disparate worlds of modern science and the humanities While Snow is often regarded as a late Victorian liberal who has little to say about the modernist period in which he lived and wrote de la Mothe challenges this judgment reassessing Snow s place in twentieth century thought He argues that Snow s life and writings most notably his Strangers and Brothers sequence of novels and his provocative thesis in The Two Cultures and the Scientific Revolution reflect a persistent struggle with the nature of modernity They manifest Snow s belief that science and technology were at the center of modern life **C.P. Snow's Strangers and Brothers as Mid-twentieth-century History** Terrance L. Lewis, 2009 This book studies C P Snow s eleven volume series of novels Strangers and Brothers as documents detailing the social and political life of mid twentieth century Britain and points out the uses for the novels in the academic study of that time period Both Snow and his central character Lewis S Eliot started from unremarkable origins in terms of their mutual background in the lower reaches of the middle class their dreams of success in their teen years and their early professional education in a new struggling academic institution in the mid 1920s Neither could really be considered typical for men of their class Eliot s working life would include being a very minor town clerk a barrister an advisor to a powerful industrialist a Cambridge don a moderately powerful civil servant and finally in early retirement a writer Eliot would befriend members of both the traditional and Jewish upper classes scholars and brilliant scientists powerful behind the scenes civil servants second tier British and Nazi politicians financiers and industrialists Communists and writers and artists providing a fairly broad overview of parts of the middle class and ruling elites of the periods Snow s sequence of novels is therefore useful to the historian of twentieth century Britain both in understanding the period as it recedes away from common experience and in presenting the period in the classroom Snow was a classic twentieth century writer who presented a more

balanced account of the British governing classes of the middle third of the twentieth century than did the upper class and would be upper class or working class writers of the same period His novels provide an insight that every student of twentieth century Britain must have on hand *A Bibliography of British History, 1914-1989* Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index [The Two Cultures](#) C. P. Snow, Charles Percy Snow, 2012-03-26 This fiftieth anniversary printing of *The Two Cultures* and its successor piece *A Second Look* in which Snow responded to the controversy four years later features an introduction by Stefan Collini charting the history and context of the debate its implications and its afterlife **The Life and Work of Barbara Pym** Dale Salwak, 1987-06-18 **AfterWord** Dale Salwak, 2011-05 Contains imaginary interviews with deceased British and American authors including Samuel Johnson Henry James Jane Austen Joseph Conrad William Faulkner and others **Pamela Hansford Johnson** Deirdre David, 2017-06-30 Deirdre David traces the successful writing life of Pamela Hansford Johnson 1912 1981 from the time of her childhood growing up in a theatrical household in South London to her death as the widow of the novelist and popular intellectual C P Snow Forced to leave school at sixteen she trained as a shorthand typist worked for four years in the mid 1930 for a West End Bank and conducted a tumultuous romance with the then 19 year old poet Dylan Thomas Thomas having persuaded her she would become a better novelist than a poet she published a scandalous first novel in 1935 and went on to publish close to thirty more in her career A passionate defender of the narrative traditions of the British novel she contributed many essays and reviews on contemporary fiction to periodicals and newspapers in her own fiction in the nineteenth century traditions of Jane Austen George Eliot and Charles Dickens she focused on the domestic everyday the moral questions facing a rapidly changing society and the challenges and pleasures of urban life She was very much a novelist of the city particularly London She also gained praise and criticism for her writings about violence and pornography especially in her well known analysis of the notorious Moors murder trial With C P Snow she travelled many times to the United States and the Soviet Union and at the time of her death in 1981 she was still at work on her last novel Hers was a rich courageous and politically committed writing life and this biography restores Johnson s work to the critical distinction it received when it was published

Enjoying the Song of Appearance: An Emotional Symphony within **Cp Snow An Oral Biography**

In a global used by monitors and the ceaseless chatter of instantaneous connection, the melodic elegance and psychological symphony produced by the prepared word usually disappear into the background, eclipsed by the relentless sound and distractions that permeate our lives. However, situated within the pages of **Cp Snow An Oral Biography** a stunning literary value overflowing with raw emotions, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, this charming masterpiece conducts readers on a mental journey, well unraveling the hidden songs and profound influence resonating within each carefully constructed phrase. Within the depths of this touching analysis, we will discover the book is main harmonies, analyze their enthralling writing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
