

Dictatorship as Experience

Towards a Socio-Cultural History of the GDR

Edited by Konrad H. Jarausch

Dictatorship As Experience Towards A Socio Cultural History Of The Gdr

Konrad Hugo Jarausch

Dictatorship As Experience Towards A Socio Cultural History Of The Gdr:

Dictatorship as Experience Konrad Hugo Jarausch, 1999 A decade after the collapse of communism this volume presents a historical reflection on the perplexing nature of the East German dictatorship In contrast to most political rhetoric it seeks to establish a middle ground between totalitarianism theory stressing the repressive features of the SED regime and apologetics of the socialist experiment emphasizing the normality of daily lives The book transcends the polarization of public debate by stressing the tensions and contradictions within the East German system that combined both aspects by using dictatorial means to achieve its emancipatory aims By analyzing a range of political social cultural and chronological topics the contributors sketch a differentiated picture of the GDR which emphasizes both its repressive and its welfare features The sixteen original essays especially written for this volume by historians from both east and west Germany represent the cutting edge of current research and suggest new theoretical perspectives They explore political social and cultural mechanisms of control as well as analyze their limits and discuss the mixture of dynamism and stagnation that was typical of the GDR

Material Fantasies Milena Veenis, 2012 This study of East German fantasies of material abundance across the border both before and after the fall of communism shows the close and intricate relation between ideology and fantasy in upholding social life In 1989 news broadcasts all over the world were dominated for weeks by images of East Germans crossing the Berlin Wall to West Germany The images representing the fall of communism and the democratic will of the people also showed East Germans excitement at finally being able to enter the western consumer paradise But what exactly had they expected to find on the other side of the Wall Why did they shed tears of joy when for the first time in their lives they stepped inside West German shops And why were they prepared to pay more than 10 percent of their average monthly wage for a pineapple Drawing on fifteen months of research in the fast changing post communist East Germany Veenis unravels the perennial truths about the interrelationships of fantasies of material wealth personal fulfillment and social cohesion She argues persuasively that the far fetched socialist and capitalist promises of consumption as the road to ultimate well being the partial realization and partial corruption thereof the implicit social and psychological interests underlying the politicized promises in both countries form the breeding ground for the development of materialist cargo cult like fantasies in which material well being came to be seen as the place of fulfillment and ultimate arrival Publisher's website

Medical Memories and Experiences in Postwar East Germany Markus Wahl, 2019-05-24 This book draws on the example of the major cities of Leipzig and Dresden to illustrate continuity and change in public health in the German Democratic Republic Based on archival work it will demonstrate how members of the medical profession successfully manipulated their pre 1945 past in order to continue practising leading to persistence in the social conception of medicine and disease after Communism took hold This was particularly evident in attitudes towards and treatment of sexually transmitted diseases and the pathology of deviant behaviour among young people

Saving Nature Under Socialism Julia E. Ault, 2021-09-09 When East Germany

collapsed in 1989 1990 outside observers were shocked to learn the extent of environmental devastation that existed there

Saving Nature Under Socialism introduces readers to environmentalism in Cold War East Germany and traces the evolution of environmental policy and protest in East Germany and central Europe from the 1960s

The Palgrave Handbook of Mass Dictatorship Paul Corner, Jie-Hyun Lim, 2016-09-22 This book offers a fresh and original approach to the study of one of the dominant features of the twentieth century Adopting a truly global approach to the realities of modern dictatorship this handbook examines the multiple ways in which dictatorship functions both for the rulers and for the ruled and draws on the expertise of more than twenty five distinguished contributors coming from European American and Asian universities While confronting the immense complexities of repression and popular response under dictatorship the volume also poses a series of wide ranging questions about the political organization of present day mass society

East German Historians since Reunification Axel Fair-Schulz, Mario Kessler, 2017-06-29 With German reunification and the demise of the German Democratic Republic in 1990 East German historians and their traditions of historiography were removed from mainstream discourse in Germany and relegated to the periphery By the mid 1990s few GDR trained historians remained in academia These developments led to a greater degree of intellectual pluralism yet marginalized many accomplished scholars East German Historians since Reunification assesses what was gained and lost in the process of dissolving and remaking GDR institutions of historical scholarship The collection combines primary and secondary sources younger scholars offer analyses of East German historiography while senior scholars who lived through the dismantling process provide firsthand accounts Contributors address broad trends in scholarship as well as particular subfields and institutions What unites them is a willingness to think critically about the achievements and shortcomings of GDR historiography and its fate after German reunification

Antifascist Humanism and the Politics of Cultural Renewal in Germany Andreas Agocs, 2017-07-14 A study of German traditions of cultural renewal from their origins in antifascist activism in German exile communities in Europe and Latin America during World War II to their failure during the emerging Cold War in occupied Germany and the early German Democratic Republic

Behind the Berlin Wall Patrick Major, 2010 On 13 August 1961 eighteen million East Germans awoke to find themselves walled in by an edifice which was to become synonymous with the Cold War the Berlin Wall Patrick Major explores how the border closure affected ordinary East Germans from workers and farmers to teenagers and even party members caught out by Sunday the Thirteenth

The People's Game Alan McDougall, 2014-06-26 From star players to rioting fans The People's Game examines how football shaped the history of communist East Germany

The German Democratic Republic Ned Richardson-Little, 2025-07-24 The German Democratic Republic has come to stand as a symbol of communist tyranny a source of Cold War nostalgia and socialist kitsch and a failed alternative to the worst excesses of 21st century capitalism In this book Ned Richardson Little delves into the central contradictions of the GDR state This book illustrates the fault lines of GDR society the worldviews and experiences of not only those who ruled the GDR but also those

who rebelled against the strictures of state socialism and those in between who sought a normal life under dictatorship The German Democratic Republic is a succinct and comprehensive history of East Germany that traces its story from the country's origins as the Soviet Zone of Occupation after World War II through key events such as the 1953 Uprising the building of the Berlin Wall the Helsinki Accords and the collapse of state socialism in 1989 Some of the themes explored include the memory of Nazism and national identity everyday life under dictatorship including consumerism sexuality and racism the global politics of the GDR the diversity of dissenting voices and the competing visions for East Germany's democratic future
