Official Gazette of the United States Patent and Trademark Office ,2001 The Orient of Style Beryl Schlossman,1991

In this study of modernist aesthetics Beryl Schlossman reveals how for such writers as Marcel Proust Gustave Flaubert and Charles Baudelaire the Orient came to symbolize the highest aspirations of literary representation She demonstrates that through allegory modernism became a style itself a style that married the ancient and the modern and that emerged as both a cause and an effect both an ideal construct and an textual materiality all symbolized by the Orient land of style place of plurality and site of the coexistence of holy lands Toward the end of Remembrance of Things Past the narrator describes the act of creating a work of art as a conversion of sensation into a spiritual equivalent By means of such allegories of conversion Schlossman shows the modernist artist disappeared within the work of art and left behind the trace of his sublime vocation a vocation in which he was transformed in Schlossman s words into a kind of priest kneeling at the altar of beauty before the masked divinity of representation The author shows how allegory the representation of the symbolic as something real was adapted by modernist writers to reflect subjectivity while masking an authorial origin She reveals how modernist allegory arose as Walter Benjamin suggests at the crossroads of history sociology economics urban architecture and art providing a kind of map of capitalism and was produced through the eyes of a melancholic gazing at a monument of absence **The**

Usurer's Heart Anne Derbes,Mark Sandona,2008 At the turn of the fourteenth century Enrico Scrovegni constructed the most opulent palace that the city of Padua had seen and he engaged the great Florentine painter Giotto to decorate the walls of his private chapel 1303 5 In that same decade Dante consigned Enrico s father a notorious usurer to the seventh circle of hell The frescoes rank with Dante s Divine Comedy as some of the great monuments of late medieval Italian culture and yet much about the fresco program is incompletely understood Most traditional studies of the Arena Chapel have examined the frescoes as individual compositions largely divorced from their original context almost as if they were panels detached from an altarpiece and hung on a museum wall for the viewing pleasure of the connoisseur Anne Derbes and Mark Sandona in contrast consider each image as part of an intricate network of visual and theological associations comparable to that of Dante s poem The authors show how this remarkable ensemble of paintings offers complex meanings meanings shaped by several interested parties patron confessor and painter The Usurer s Heart pieces together new historical evidence on the chapel s origins and describes the fresco program as in part an attempt to ameliorate the Scrovegni family s reputation It interprets the chapel s fresco program and the chapel s place in the heart of an ambitious and guilt ridden moneylender
