Unfinished Cacophony Eric Lowans, 2023-02-18 Psychic prodigy Nerissa Khoury is remote viewing a target for her mysterious organization a quasi government agency hidden amidst the alphabet soup of the Beltway But when she inadvertently discovers something that others in the government thought was comfortably well hidden they panic and make the decision that she should be eliminated An associate at the Institute feels that she needs the type of off grid protection that only one person they know can provide Someone who plays outside the rules Former Army SOC operator Matthias Karlsson is once again called out of retirement and asked to keep her alive until her agency can sort the mess out Operating in both the physical and the psychic realms their flight proves to be a challenge as it takes them first to the sunny shores of Ambergris Caye a SCUBA diver s paradise off the Central American coast of Belize and then to the Wisconsin shoreline of Lake Michigan Even though disclosure is happening around them and the government is finally fessing up to long held secrets about who we are and how we got here there are still some secrets that need to stay buried At least a while longer
