

C Series jaws go with every application

With hard rock or recycling materials, in gravel production or in mining, you will find the right answers with the C Series jaw crushers. We offer a complete selection of optimized jaw profiles to best suit different applications.

C Series jaw crushers can be as easily assembled on stationary plants as well as on mobile tracked or wheeled plants. Their modular, pinned and bolted frame design and compact size guarantee excellent transportability, versatile installation and short set-up time wherever you need to crush.

But don't take our word for it; talk to our many satisfied customers around the world where Nordberg's C Series jaw crushers have been disassembled, moved and then re-assembled in a variety of crushing sites, including underground mining applications.

Versatile for special crushing tasks

For special crushing applications, Metso Minerals has developed several devices to meet unique customer needs. A good example is the optional intermediate plate that is installed behind the fixed jaw for occasions when you need to change the nip angle. This enables crushing to start higher in the chamber, which optimizes the jaw wear pattern.

Choose the right C Series jaw with Bruno

Metso Minerals' innovative Bruno process simulation software lets you choose the right C Series jaw crusher for your particular crushing application. Just tell Bruno what rock type, feed gradation and machine you want to use, and Bruno will simulate the expected production capacities and gradation curves. Bruno software has already become a proven tool in the crushing industry.

For your next primary crushing application - take a closer look at the Nordberg C Series jaw crusher - the world's favourite jaw crusher.

Initially developed for tough Scandinavian hard rock conditions, C Series jaw crushers crush even the hardest feed materials efficiently.

C Series jaw crushers, with their pinned and bolted design, are easy to transport and manoeuvre even in narrow underground mining applications.

The extra-wide C3055 assembled on a portable, fully mobile crushing plant.

The newest member of the C Series jaw crusher family, the C105, is the key feature in the track-mounted Nordberg LT1055 mobile crushing plant.
