Cry For Tomorrow A Novel Of The Apocalypse:

Cry For Tomorrow Paul DeBusschere, 2011 In 21st century America's future the American dream borders on extinction Propped up by massive debt the economy produces no real goods The rest of the world starves while America stockpiles food Large cities thrive but infrastructure crumbles in less populated areas The government teeters on the brink of insolvency as it mortgages America's posterity Like many citizens cynical and executive Mark Reardon is too busy to notice the country's decline Working 100 hour weeks directing ad campaigns for multi national corporations Mark has neither the time nor the inclination to take on small clients Hence when a religious fringe group The Society for Truth comes seeking representation Mark only meets with them reluctantly However he is stunned when offered a 3 billion contract to warn the world of impending disaster Quickly forgetting his reservations Mark accepts the deal but soon finds things are not as they seem Before he realizes his peril Mark's family is missing his Society contact is dead and he is in the hands of an ever watching and all encompassing enemy known only as The Company Fighting to escape and locate his wife and daughter Mark is pursued by clones betrayed by friends and tormented by prophetic visions Not knowing who to trust Mark bounces between The Company and The Society eventually facing his past and embracing his destiny as God's final prophet preceding the coming judgment Cry for Tomorrow is an apocalyptic thriller highlighting the economic and technological factors contributing to societal collapse While portraying mankind's inability to save himself and his world the novel explores the dichotomy of spirituality and materialism and the conflict these values create for Mark Reardon and his family In this time of uncertainty Cry for Tomorrow points readers toward an eternal and unchanging hope

Apocalypse in Contemporary Japanese Science Fiction M. unique cross cultural perspective this book addresses the question of the apocalypse as a matter of intellectual and literary history Zamora s analysis will enlighten both scholars of North and Latin American literature and readers of contemporary fiction

The Contemporary Post-Apocalyptic Novel Diletta De Cristofaro,2019-12-26 Traditional apocalyptic texts concern the advent of a better world at the end of history that will make sense of everything that happened before But what is at stake in the contemporary shift to apocalyptic narratives in which the utopian end of time is removed The Contemporary Post Apocalyptic Novel offers an innovative critical model for our cultural obsession with the end by focussing on the significance of time in the 21st century post apocalyptic novel and challenging traditional apocalyptic logic Once confined to the genre of science fiction the increasing popularity of end of the world narratives has caused apocalyptic writing to feature in the work of some of contemporary literature s most well known fiction writers Considering novels by Will Self Cormac McCarthy David Mitchell Emily St John Mandel Jeanette Winterson and others Diletta De Cristofaro frames the contemporary apocalyptic imagination as a critique of modernity s apocalyptic conception of time and history Interdisciplinary in scope the book historicises apocalyptic beliefs by exploring how relentlessly they have shaped the modern world

On Endings Daniel Grausam,2011 What does narrative look like when the possibility of an expansive future has been called into question This query is the driving force behind Daniel Grausam s *On Endings* which seeks to show how the core texts of American postmodernism are a response to the geopolitical dynamics of the Cold War and especially to the new potential for total nuclear conflict Postwar American fiction needs to be rethought he argues by highlighting postmodern experimentation as a mode of profound historical consciousness In Grausam s view previous studies of fiction mimetically concerned with nuclear conflict neither engage the problems that total war might pose to narration nor take seriously the paradox of a war that narrative can never actually describe Those few critical works that do take seriously such problems do not offer a broad account of American postmodernism And recent work on postmodernism has offered no comprehensive historical account of the part played by nuclear weapons in the emergence of new forms of temporal and historical experience *On Endings* significantly extends the project of historicizing postmodernism while returning the nuclear to a central place in the study of the Cold War

The Hollywood Story Joel Waldo Finler,2003 This fully revised and updated edition of an award winning classic traces the history of Hollywood from the silent era to the present day The Hollywood Storycomprehensively covers every aspect of movie making in America taking in nickelodeans drive ins and multiplexes the transition from silent to sound black and white to color the relationships of producers directors stars and technicians and the function and output of the studios their major hits and most expensive flops

Revelation Rob Dalrymple, 2024-06-27 Could the cry Come out of her My people Rev 18 4 not be needed more today than it was when John penned the Apocalypse The book of Revelation begins and ends with the affirmation that God is the world's true Lord not Caesar In telling this story John lays out for us the fact that Christ's kingdom is not like the kingdoms of the world The kingdoms of the world rule by force and at the expense of the masses and for the benefit of those in power Jesus's kingdom however comes through love In Christ's kingdom power is demonstrated by laying down one's life for one's enemies Jesus of course demonstrated this kind of love on the cross and he calls us to do the same We have nothing to fear After all Jesus was dead and now he is alive and he has the keys to Death and Hades Unfortunately many interpreters have come to believe that the devastation and destruction depicted in the book of Revelation in particular in the accounts of the Seven Seals and the Seven Bowls are God's end times wrath But have we ever stopped to consider that this portrait of God is fundamentally at odds with the gospel And with Jesus's call for us to love one another even as he loved us The book of Revelation tells a different story
