

Correct Disposal of This Product (Waste Electrical & Electronic Equipment)

(Applicable in the European Union and other European countries with separate collection systems)

This marking shows on this product or its literature, indicating that it should not be disposed with other household wastes at the end of its working life. To prevent possible harm for the environment or human health, these concentrated waste disposal points provide this from other types of wastes and ensure it is possible to recycle the valuable material of electrical products.

Household users should contact with the retailer where they purchased this product, or their local government offices, for details of where and how they can take this mark for environmental safe handling.

Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separating between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio / TV technician for help.

Caution: Any changes or modifications to construction of this device which are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

CAUTION

1. A regulated DC 12V 300mA power supply is recommended for use with this camera for the best picture and the most stable operation.
2. An unregulated power supply can cause damage to the camera. When unregulated power supply is applied, product warranty will be out of subject.
3. It is recommended that the camera is used with a monitor that has a CCTV quality 14" video resolution (not all your monitor is suitable at high temperature, then please adjust accordingly).
4. Do not attempt to disassemble the camera for parts recovery for the warranty claim.
5. Keep away from your children.
6. Mount this camera towards the view or any height or direction right, which may cause harm to the picture and possible damage to the CCTV.
7. Do not remove the serial number for the warranty service.

PROFESSIONAL CCTV CAMERA

Before attempting to connect or operate this products, please read this manual carefully to ensure proper use of the product. Please keep this manual in safe place for your reference.
