Trevor Owens,2024-05-06 The digital age is burning out our most precious resources and the future of the past is at stake In After Disruption A Future for Cultural Memory Trevor Owens warns that our institutions of cultural memory libraries archives museums humanities departments research institutes and more have been disrupted and largely not for the better He calls for memory workers and memory institutions to take back control of envisioning the future of memory from management consultants and tech sector evangelists After Disruption posits that we are no longer planning for a digital future but instead living in a digital present In this context Owens asks how we plan for and develop a more just sustainable and healthy future for cultural memory The first half of the book draws on critical scholarship on the history of technology and business to document and expose the sources of tech startup ideologies and their pernicious results revealing that we need powerful and compelling counter frameworks and values to replace these ideologies The second half of the book makes the case for the centrality of maintenance care and repair as interrelated frameworks to build a better future in which libraries archives and museums can thrive as sites of belonging and connection through collections **Bodies on the**

Verge Joseph A. Marchal,2019-05-24 A collection that resets the terms of interpreting the Pauline letters Interpretation of Paul s letters often proves troubling since people frequently cite them when debating controversial matters of gender and sexuality Rather than focusing on the more common defensive responses to those expected prooftexts that supposedly address homosexuality the essays in this collection reflect the range rigor vitality and creativity of other interpretive options influenced by queer studies Thus key concepts and practices for understanding these letters in terms of history theology empire gender race and ethnicity among others are rethought through queer interventions within both ancient settings and

more recent history and literature Features New options for how to interpret and use Paul's letters particularly in light of their use in debates about sexuality and gender Developing approaches in queer studies that help with understanding and using Pauline letters and interpretations differently Key reflections on the two clobber passages Rom 1:26-27 and 1 Cor 6:9 that demonstrate the relevance of a far wider range of texts throughout the Pauline corpus *Exploring Contemporary Issues in Sexuality Education with Young People* Kathleen Quinlivan, 2018-10-12 This book explores contemporary issues in sexuality and relationship education for young people Drawing upon rich empirical and ethnographic research undertaken with students and teachers in secondary schools the author asks how school based sexuality education can better equip young people to engage with contemporary social political and cultural sexuality and relationships issues Creatively working across both theoretical and practical contexts this accessible work suggests approaches to sexuality and relationships education that can build upon the ways in which young people are developing a sense of identity the ultimate aim being to help them to meet their emotional spiritual and relational potential Challenging established approaches to sexuality education this thought provoking book shines a new light on alternative perspectives that can help make sexuality and relationships education more relevant and meaningful for young people in a rapidly changing world This volume will be of interest and value to students and scholars of sexuality and relationship education as well as practitioners *Transforming Citizenship* Isaac West, 2014 *Transforming Citizenship* engages the performativity of citizenship as it relates to transgender individuals and advocacy groups Instead of reading the law as a set of self-executing discourses Isaac West takes up transgender rights claims as performative productions of complex legal subjectivities capable of queering accepted understandings of genders sexualities and the normative forces of the law Drawing on an expansive archive from the correspondence of a transwoman arrested for using a public bathroom in Los Angeles in 1954 to contemporary lobbying efforts of national transgender advocacy organizations West advances a rethinking of law as capacious rhetorics of citizenship justice equality and freedom When approached from this perspective citizenship can be recuperated from its status as the bad object of queer politics to better understand how legal discourses open up sites for identification across identity categories and enable political activities that escape the analytics of heteronormativity and homonationalism **The Routledge Companion to Gender and Childhood** Mary Zaboriskis, 2025-06-30 *The Routledge Companion to Gender and Childhood* brings together scholars practitioners and activists to explore the diversity of children's gender identities expressions and embodiments across historical geographical and cultural contexts This volume investigates how historical institutional and cultural forces have shaped children's relationship to gender the pivotal role children have played in the construction of gendered categories as well as children's responses to these forces and constructions The book is divided into six sections Responding to Gendered Histories and Presents of Policing Pathologization and Trauma Images of and Imaginings for Trans Non Binary and Queer Youth's Futures Global Perspectives on Training and Assimilating Future
