Revolution

Essential Question: Why have political revolutions occurred?

A. Define revolution.

B. Record information about the topics listed by the Consolidative Review or your answers to the questions in the Consolidative Review below. Use the Concept Connector Flashbooks at the end of your textbook, as well as chapter information, to complete this worksheet.

1. The Transfer of Power in England, 1377–1689

By the 1370s, England had recently experienced a civil war and the execution of a monarch. When the current king, James II, suspended laws and appointed Catholics to high offices, Protestant leaders in England invited James' Protestant daughter, Mary, and her husband, William, to rule. James II fled the country. This bloodless overthrow of the monarch became known as the Glorious Revolution. This was a critical event for its time because the transfer of power had never been accomplished by Parliament in this way before, nor with so little violence. The Glorious Revolution created a type of government known as a limited monarchy, in which a constitution or legislative body limits the monarch's powers. Additionally, before they could rule, William and Mary had to accept several acts by Parliament known as the English Bill of Rights.

2. The German Princes' Revolt of 1524 and the French Revolution (Chapter 3, page 194)

3. Latin American Revolutions (Chapter 4, page 183)
