Conclave The Politics Personalities And Process Of The Next Papal Election:

Conclave John Allen, 2002-07-23 A captivating insider's guide to the politics and personalities that will have a tremendous impact on one of the world's most secretive and important events: the election of a pope. The next time a conclave unfolds in Rome, some 6,000 journalists are expected to descend on the Eternal City to cover the death of John Paul II and report on the election of his successor. The man in white who emerges from the Sistine Chapel at its conclusion will automatically become one of the most important figures on earth: a leader who commands a unique combination of political and spiritual power. Depending on how he chooses to exercise that power, governments and political systems may rise or fall, religious wars may heat up or abate, and the Church may undergo a radical transformation from changes in its stances on such issues as sexuality, the place of women in the Church, to the role of the papacy itself. **Conclave** is a fascinating look at the election process and at what this headline-making occasion will mean to the world. John L. Allen Jr. takes readers behind the scenes to reveal the issues, parties, and people most likely to determine the outcome. Setting the election within a broader context, he explains why it matters who becomes pope, discusses their role in the modern world, and examines the issues that will form the agenda of the next papacy. Although the book is not intended as a handicapper's guide, Allen does offer his own informed list of the top twenty contenders for the position. He creates as well a classification system that clarifies the differences among the informal political parties that exist within the College of Cardinals, the body of 130 plus men who will elect John Paul II's successor. In conclusion, he presents a critical, independent-minded profile of each of those cardinals for one of them will certainly be the new pope. **Conclave** John L. Allen (Jr.), 2005 *The Two Popes* Anthony

McCarten, 2025-10-16 THE STORY BEHIND THE SCREENPLAY OF THE TWO POPES THE MAJOR MOTION PICTURE STARRING ANTHONY HOPKINS AND JONATHAN PRYCE PREVIOUSLY PUBLISHED AS THE POPE From the Academy Award-nominated screenwriter of *The Theory of Everything* and *Darkest Hour* comes the fascinating and revealing tale of an unprecedented transfer of power and of two very different men who both happen to live in the Vatican. In February 2013, the arch-conservative Pope Benedict XVI made a startling announcement: he would resign, making him the first pope to willingly vacate his office in over 700 years. Reeling from the news, the College of Cardinals rushed to Rome to congregate in the Sistine Chapel to pick his successor. Their unlikely choice, Francis, the first non-European pope in 1,200 years, a one-time tango club bouncer, a passionate soccer fan, a man with the common touch. Why did Benedict walk away at the height of power, knowing his successor might be someone whose views might undo his legacy? How did Francis, who used to ride the bus to work back in his native Buenos Aires, adjust to life as leader to a billion followers? If, as the Church teaches, the pope is infallible, how can two living popes who disagree on almost everything both be right? Having immersed himself in these men's lives to write the screenplay for *The Two Popes*, Anthony McCarten masterfully weaves their stories into one gripping narrative. From Benedict and Francis's formative experiences in war-torn Germany and Argentina to the sexual abuse scandal

that continues to rock the Church to its foundations to the intrigue and the occasional comedy of life in the Vatican The Two Pope glitters with the darker and the lighter details of one of the world s most opaque but significant institutions **The Pope** Anthony McCarten,2019-01-29 THE STORY BEHIND THE SCREENPLAY OF THE TWO POPES THE MAJOR MOTION PICTURE STARRING ANTHONY HOPKINS AND JONATHAN PRYCE From the Academy Award nominated screenwriter of The Theory of Everything and Darkest Hour comes the fascinating and revealing tale of an unprecedented transfer of power and of two very different men who both happen to live in the Vatican In February 2013 the arch conservative Pope Benedict XVI made a startling announcement he would resign making him the first pope to willingly vacate his office in over 700 years Reeling from the news the College of Cardinals rushed to Rome to congregate in the Sistine Chapel to pick his successor Their unlikely choice Francis the first non European pope in 1 200 years a one time tango club bouncer a passionate soccer fan a man with the common touch Why did Benedict walk away at the height of power knowing his successor might be someone whose views might undo his legacy How did Francis who used to ride the bus to work back in his native Buenos Aires adjust to life as leader to a billion followers If as the Church teaches the pope is infallible how can two living popes who disagree on almost everything both be right Having immersed himself in these men s lives to write the screenplay for The Two Popes Anthony McCarten masterfully weaves their stories into one gripping narrative From Benedict and Francis s formative experiences in war torn Germany and Argentina to the sexual abuse scandal that continues to rock the Church to its foundations to the intrigue and the occasional comedy of life in the Vatican The Pope glitters with the darker and the lighter details of one of the world s most opaque but significant institutions Selecting the Pope Greg Tobin,2009 An updated version of the compelling guide by award winning author Greg Tobin Tobin reveals all the rules and rituals involved in the secretive process of electing the pope along with the rich history of the conclave and the key concerns that will shape the future of the Catholic Church This edition features new information on the death and funeral of John Paul II a revised and up to the minute Issues section and coverage of Pope Benedict s most recent trip to the US as well as a discussion of his relationship to the Islamic world Plus Tobin offers some thoughts on who the next pope might be examining the potential contenders and hazarding some predictions Love Is a Journey Mo Guernon,2025-05-06 Love is a Journey is the remarkable story of Albino Luciani known to the world as Pope John Paul I from his harrowing birth to his tragic death just 33 days into his 1978 pontificate the shortest pontificate in history After years of dedicated archival research and after interviewing dozens of figures in the Catholic hierarchy as well as Pope John Paul I s niece author Mo Guernon explores Luciani s family history personality and character to reveal the very essence of the man who became known as the Smiling Pope Guernon analyzes Luciani s major public pronouncements and his most significant writings which shed considerable light on his fundamental beliefs and worldview In the concluding chapters of the book Guernon assesses Pope John Paul I s legacy and journey toward sainthood and the beguiling question of how the Catholic Church might have evolved had his

pontificate endured through the 1980s and beyond The events of Luciani s life are so compelling so remarkable so fast moving that the narrative reads like a novel Guernon paints a multi dimensional portrait of the man that prominently displays his virtues and shortcomings successes and failures heroic deeds and personal doubts about his own courage He highlights Luciani s progressive views of issues of his time the crises in his personal and priestly life his discomfort with the spotlight and his anxiety about succeeding the popular Pope Paul VI the relative simplicity of his inauguration as pope and the unprecedented power he wielded on those with whom he came into contact both personally and through the mass media Above all Guernon attempts to capture the pope s mysterious ability to engender love among people of all faiths and nonbelievers too with his inimitable humility and almost divine smile A striking example of his influence came from punk rocker Patti Smith who was so enamored of Luciani that she wrote a song about the pope and dedicated her 1979 album Wave to him Pope John Paul I s impact on the world during his 33 day pontificate was simultaneously profound and perplexing and until now underappreciated In little more than a month the Luciani dazzled people of all ages races and nations while modernizing the papacy and establishing an ambitious agenda for promoting peace and dialogue among all peoples a program subsequently carried out by his successors particularly Pope Francis And in fact Pope Francis established the Vatican Pope John Paul I Foundation in memory of his beloved mentor Never has a world leader accomplished so much in so little time Opus Dei John L. Allen,2006 The first serious journalistic investigation of the highly secretive controversial organization Opus Dei provides unique insight about the wild rumors surrounding it and discloses its significant influence in the Vatican and on the politics of the Catholic Church Opus Dei literally the work of God is an international association of Catholics often labeled as conservative who seek personal Christian perfection and strive to implement Christian ideals in their jobs and in society as a whole It has been accused of promoting a right wing political agenda and of cultlike practices Its notoriety escalated with the publication of the runaway bestseller The Da Vinci Code Opus Dei plays an important and sinister role in the novel With the expert eye of a longtime observer of the Vatican and the skill of an investigative reporter intent on uncovering closely guarded secrets John Allen finally separates the myths from the facts From publisher description

The Entity Eric Frattini,2024-07-02 International Bestseller Meticulously documented Frattini gives us an exclusive look at the hidden face of the papacy revelations that send a chill up the spine Le Monde For five centuries the Vatican the oldest organization in the world maker of kings and shaper of history has used a secret spy service called the Holy Alliance or later the Entity to carry out its will Forty popes have relied on it to carry out their policies They have played a hitherto invisible role confronting de Christianizations and schisms revolutions and dictators colonizations and expulsions persecutions and attacks civil wars and world wars assassinations and kidnappings For the first time in English following the bestselling Spanish and French editions Eric Frattini tells the comprehensive tale of this sacred secret service The Entity has been involved in the killings of monarchs poisonings of diplomats financing of South American dictators protection of war

criminals laundering of Mafia money manipulation of financial markets provocation of bank failures and financing of arms sales to combatants even as their wars were condemned all in the name of God The contradiction between God's justice and Earth's justice Christian beliefs and Christian power all fall before the motto of the Entity With the Cross and the Sword A true story that surpasses any novel by John le Carré El País Spain An investigation worthy of a Pulitzer Frattini puts all the secrets of the Vatican out on the table Diário de Notícias Portugal A devastating book Valeurs France A must read El Universal Mexico God's New Man Paul Collins, 2005-10-20 The dramatic events leading up to the appearance of white smoke over the Vatican and the public declaration from the balcony of St Peter's Habemus Papam has been the most remarkable yet in the election of any Pontiff The demise of Pope John Paul II was anticipated ever since he was rushed to Gemelli hospital on February 1st Now he has died the legacy of this outstanding Pontiff is already the matter of fierce debate A number of his closest advisers like Cardinals Ratzinger and Sodano are already fairly powerless as the Conclave has chosen a Pontiff more interested in the North-South axis than that of East-West The final part of this important new book is an in-depth profile of the new Pope His Holiness Pope XXX The middle part of the book is an account of the Conclave the politicking and the jockeying for position But it also contains character sketches of those who have been serious contenders for the See of Peter Cardinal Walter Kasper Cardinal Tettamanga of Florence Cardinal Christoph von Schonborn of Vienna Cardinal Arinze of Nigeria Cardinal Claudio Hummes of São Paulo and Cardinal Rodríguez Madariaga of Honduras There is also a sketch of some of the complete outsiders Nobody could be more suited than Paul Collins to write this incisive and informative account he has already published books on the History of the Papacy *Joint Ventures* M. D. Litonjua, 2012-10 Joint Ventures is a term used in the business world to describe two or more business enterprises that join hands and consolidate their management operations and labor force to increase their productivity to offer a more diversified array of products to increase their profitability and be a more successful business enterprise in service to their employees and society at large But it is not simply a matter of joining economic forces and resources There has to be synergy compatibility and complementarity in corporate strengths and weaknesses in corporate missions and cultures in corporate objectives and strategies such that the joint ventures result in something greater than the mere sum of their parts This is true of joint ventures in the academic world Interdisciplinary studies are not mere combinations of academic courses They are or should be the mutual enrichment and mutual correction of disciplines They can be and are about expanding the horizons of a discipline beyond its narrow confines and or correcting the constricting assumptions values and prescriptions of doctrinaire theoretical viewpoints These have been the basic assumption and the goal the working framework and agenda behind the essays gathered here as they were in my earlier collections Critical Intersections 2006 and Creative Fractures 2011 In my teaching and writing I seek to bring to bear insights and perspectives from religious studies and the social sciences their critical intersections their creative fractures and their joint ventures to elucidate discussions controversies and explanations
