Concrete Second Edition Mindess Solution Manual:

ACI Manual of Concrete Practice American Concrete Institute,2004 Specifications for Structural Concrete, ACI 301-05, with Selected ACI References American Concrete Institute,2005 Curing Concrete Peter C. Taylor,2013-09-10

Curing is one of those activities that every civil engineer and construction worker has heard of but in reality does not worry about much In practice curing is often low on the list of priorities on the construction site particularly when budgets and timelines are under pressure Yet the increasing demands being placed on concrete mixtures also mean that they are less forgiving than in the past Therefore any activity that will help improve hydration and so performance while reducing the risk of cracking is becoming more important Curing Concrete explains exactly why curing is so important and shows you how to best do it The book covers The fundamentals behind hydration How curing affects the properties of concrete improving its long term performance What curing technologies and techniques you can use for different applications How to effectively specify provide and measure curing in a project The author also gives numerous examples of how curing or a lack of it has affected concrete performance in real world situations These include examples from hot and cold climates as well as examples related to high performance concrete performance parameters and specifications and testing Written for construction professionals who want to ensure the quality and longevity of their concrete structures this book demonstrates that curing is well worth the effort and cost

Cement-based Composites: Materials, Mechanical Properties and Performance A.M. Brandt,2003-09-02 This book considers the properties and behaviour of cement based materials from the point of view of composite science and technology It deals particularly with newer forms of cement based materials and also with a composite approach to conventional materials and their special properties Emphasis is put on non conventional reinforcement and design
