Conduct Providence Efficacy Asserted Vindicated:

Suffering and Sovereignty Brian H. Cosby, 2012-12-29 John Flavel wrote extensively on the subject of human suffering and how it relates to divine sovereignty. He himself experienced great suffering through the deaths of three wives and a son and continual persecution from state officials. Because many of his writings deal directly with the theme of suffering and because of his own experience with it, Flavel is a significant resource for understanding a Puritan theology of human suffering and divine sovereignty. In this book, Brian H. Cosby examines John Flavel's teachings on suffering and how that theology translated into practical application for suffering believers. Serious consideration is given to issues related to the origin and nature of suffering, how it relates to divine sovereignty, God's purpose for it, how people were encouraged to respond to it, and the benefits of comfort and consolation such understandings produce in believers. Cosby ably gathers these elements together so as to present a Puritan theology of suffering drawn from Flavel's writings.

Tornado God Peter J. Thuesen, 2020-04-01 One of the earliest sources of humanity's religious impulse was severe weather which ancient peoples attributed to the wrath of storm gods. Enlightenment thinkers derided such beliefs as superstition but in America scientific and theological hubris came face to face with the tornado nature's most violent windstorm. In this groundbreaking history Peter J. Thuesen traces the primal connections between weather and religion in the United States. He shows that tornadoes and other storms have repeatedly drawn Americans into the profoundest of religious mysteries and confronted them with the question of their own destiny: how much is self-determined and how much is beyond human understanding or control.
