KUNI 90.9 FM Guide, 1990 **Popular Mechanics**, 1986-06 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it's practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle New York Magazine, 1982-02-22 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Successful Strategies for Computer-assisted Reporting* Bruce Garrison, 2013-10-18 Computers have changed the landscape of both gathering and disseminating information throughout the world As journalists quickly move toward the 21st century and perhaps a new era of electronic journalism resources are needed to understand the newest and most successful computer based news reporting strategies Written to serve that purpose this book is designed to show both professional journalists and students which of the newest personal computing tools are being used by the nation's leading news organizations and top individual journalists It further describes how these resources are being used on a daily basis and for special projects In recent years computers have taken on new and dominating roles in the process of news analysis newsgathering and news processing Today's forward thinking journalists often seek guidance over what they can do to strengthen their ability to be society's information processors and managers This volume focuses upon how successful journalists are using computers through a major national computer assisted reporting CAR study of daily newspapers The study included two national surveys and a series of personal interviews with many of the nation's leading CAR specialists

Several current examples of stories used for successful database and online oriented news assignments are provided as part of a series of case studies incorporated throughout the book. The additional depth of description and the presentation of portions of stories themselves should help readers to understand the complete process involving CAR oriented journalism. Substantial analytical detail is used to discuss the extent of computer use in newsrooms, computer training, CAR projects, CAR in daily reporting, hardware and software most commonly used, levels and types of online services used in news research, and portable hardware and software. The book concludes with the author's assessment of the effects and impact of personal computing in the newsroom and the future of personal computer applications in newsgathering. Explaining and defining advanced applications or terminology for readers: the approach to the book assumes a minimal familiarity with computers but no advanced knowledge of computer operation.
