TIME Barack Obama The Editors of Time, 2016-12-23 In his historic presidency Barack Obama led the United States through eight tumultuous and remarkably active years And in this definitive one of kind Special Edition TIME's experts assess the impact his administration had on the U S economy foreign policy health care and so much more Along with spectacular and often moving images TIME's unmatched writers and reporters give this presidency a clear eyed context through issues of race inclusion and military approach

Barack Obama and the American Dream Bernd C. Schmidt-Nagel, 2011-05-17 Seminar paper from the year 2011 in the subject Didactics for the subject English Discussion and Essays grade 1.7 University of Cologne language English abstract The acting president of the United States of America Barack Obama fascinated millions of US citizens in many of his campaign speeches in 2008 With his slogan Yes we can he offered them a new believable perspective Finally this wave of euphoria brought him to the White House and made him contrary to all expectations the first black US President I looked fascinated and interested at all important incidents

happening in the USA in 2008 and I just wondered why it was possible to this man like no other person to fill so many people in this great country with enthusiasm and to give them a new hope of a better future Looking back on these events and irrespective of the fact if his goals were achieved or not I ask myself which values ideas and aims made the people so absolutely excited and how they were influenced by Obama If you only take a superficial view on this issue it already becomes clear that the very popular American Dream which is based on American history is and was one of the important subjects of Obama s speeches How Obama uses this Dream and the way he updates and enlarges it should be the central question of this thesis In order to do so it is at first important to take a close look at Barack Obama his curriculum vitae and his political rising On the other hand I want to present the history of the American Dream as well as a preferably general but handy definition of what the American Dream actually is and what it wants to express Based on this a detailed analysis of certain speeches of Obama with a special focus on the American Dream follows Outgoing from the results of the analysis I will examine how Obama encloses the dream in his way of argumentation the different values he refers to and the influence of different audiences on the usage of the American Dream In order to answer the general question of this thesis explained above in a good and suitable way these points will be synoptically summarized in the conclusion Of course it is impossible to take a serious look at all his speeches or to pick up every single aspect of the American Dream coming up during American history as this would exceed the extent of this essay Nonetheless a coherent objective and differentiated answer to the general question should be the goal and claim of this thesis

Phillips, 2009-05 The swooning frenzy over Barack Obama as President of the United States is an artificially created absurd wave of self deception His cult following is bereft of reason and devoid of facts He is a celebrity in the mold of an intelligent articulate Paris Hilton In no way does he resemble a statesman Each day in the age of Obama takes us further into lawlessness situational constitutionalism and institutional derangement We are turning into a banana republic where the rule of law is replaced by the tyranny of the majority The political machination of Liberals in the name of an economic recession that they are manipulating is undermining our founding principles President Obama is accumulating massive power in Washington justified by the need to save the nation with a whirlwind of activity He is recklessly over compensating throwing trillions of dollars around for a quick fix which will be a millstone around the necks of future generations He then dishonestly claims that the USA will arise stronger than before When traveling abroad President Obama has an arrogant humility He portrays a proud but flawed United States using a refrain of past mistakes of his predecessor to generate personal popularity He talks about the nation s darker periods of slavery and repression and its past sanction of torture that he has ended Chicago Politics have come to the White House No president in the past 40 years has done more to polarize America so much so quickly Afghanistan is sliding back to its pre 9 11 days that allowed the country to become a safe haven for al Qaeda leaders plotting terrorist attacks Obama s soft shoe confusion will also be a disaster in neighboring Pakistan where nuclear bomb technology is available **The Global Obama** Dinesh Sharma, Uwe P. the Obama phenomenon in totality as perceived by populations around the world with special focus on America's leadership in the 21st Century Obama's Legacy Michael I. Days, 2016 As President Obama's time in the White House draws to a close this celebratory book documents his transformative accomplishments Evidence indicates President Barack Obama has been tremendously successful and effective by objective measures On economic indicators alone he is credited with the longest streak of job growth in U S history a two thirds reduction in the federal budget deficit and the rebounding of the stock market to record highs following the record lows of the recession under his predecessor His victories have come against a backdrop of criticism and sometimes open defiance from conservatives lack of cooperation in Congress and racially tinged commentary in traditional and social media Through it all the President who campaigned on a slogan of Yes We Can has persevered in his determination to make a difference and left an indelible mark on American politics and the world LEGACY is a commemoration of his eight years in the White House
