Die Verkehrte Welt German Edition:

The Philosophy of Literature Donald Phillip Verene, 2018-09-12 The Philosophy of Literature Four Studies puts forth the question of the extent to which philosophers must go to school with the poets It begins with a new interpretation of the famous Platonic quarrel with the poetic wisdom of Homer It brings this question forward through the humanism of thinkers of the Italian Renaissance and the German Idealism of Hegel It then treats the relation of philosophy and literature in four ways by considering philosophy as literature philosophy of literature philosophy in literature and philosophy and literature In regard to the first of these it discusses Jorge Luis Borges's The Immortal to the second James Joyce's Finnegans Wake to the third Carl Sandburg's epic prose poem The People Yes and to the fourth Sebastian Brant's Ship of Fools This work demonstrates that in an area of thought often dominated by fashionable doctrines of literary interpretation the great works of literature and philosophy remain as permanent residents of our thought and imagination *Workers' Culture in Imperial Germany* Lynn Abrams, 2002-01-31 Workers Culture in Imperial Germany represents the first alternative approach to the study of workers culture in Imperial Germany It is also the first comprehensive historical analysis of the emergence of Germany's modern leisure industry The central concern of the book is the emergence of a distinct workers culture which provided a disparate and heterogeneous working class with a focus of identity in an alien and hostile society Lynn Abrams focuses on the leisure activities enjoyed by workers in the major cities of Bochum and Dusseldorf She provides a comprehensive coverage of a whole range of popular amusements and recreations on offer including festivals pubs Tingel Tangles dance halls clubs and cinema The book is also a major contribution to the social history of working class life in the nineteenth century contributing to the debate over the role of a working class culture in Imperial Germany Romanticism and the Romantic School in Germany Robert M. Scaramutza social critic voluptuary and mouthpiece for his author ushers in a new type of comedy that depends more on the happy ending than on laughter for its effect This study should both establish the significance of the long neglected dramatic works of Caspar Stieler already regarded as an important lyric poet of the German Baroque and serve to initiate a reevaluation of German comedy and of the standard definition of the comic genre used by Germanists as Aikin explores the heroic or romantic comedy as a subgenre of literary merit The study includes a discussion of Stieler s important contributions to the development of the German language Singspiel and opera
