Cardozo A Study In Reputation:

Cardozo Richard A. Posner, 1993-08-15 What makes a great judge How are reputations forged Why do some reputations endure while others crumble And how can we know whether a reputation is fairly deserved In this ambitious book Richard Posner confronts these questions in the case of Benjamin Cardozo The result is both a revealing portrait of one of the most influential legal minds of our century and a model for a new kind of study a balanced objective critical assessment of a judicial career The present compact and unflaggingly interesting volume is a full bodied scholarly biography It is illuminating in itself and will serve as a significant contribution Paul A Freund New York Times Book Review *Cardozo, a Study in Reputation* by Richard A. Posner Daniel Warner, 1992 *The Uses and Abuses of Presidential Ratings* Meenekshi Bose, 2003 Debates about the uses of presidential ratings raise important questions about the accuracy of grouping leaders into single categories Categories serve to identify some common features within a group but they also mask important differences which may distinguish a person significantly from others in the same category The small number of presidents may make the value of subdividing them minimal especially given the range of qualities by which we evaluate presidential leadership Depending on the criteria used a president may move sharply up or down in the survey presidents such as Richard Nixon and Bill Clinton both of whom faced scandals in their administrations but also had notable policy achievements are good examples Yet rating presidents continues to be a favourite pastime of scholars and journalists and new surveys always spark heated discussion about why the rankings of certain presidents have changed from previous surveys This new and timely volume summarises the debates and assesses the uses of presidential ratings in light of those discussions While presidential ratings surveys do generalise presidential performance and cannot capture all of a president's qualities

Jewish Justices of the Supreme Court David G. Dalin, 2017-04-04 The first history of the eight Jewish men and women who have served or who currently serve as justices of the Supreme Court ABA Journal, 1990-12 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association Garner on Language and Writing Bryan A. Garner, 2009 The essays in this volume represent the author's views not those of the American Bar Association Title page verso *How Judges Think* Richard A. Posner, 2010-05-01 A distinguished and experienced appellate court judge Richard A Posner offers in this new book a unique and to orthodox legal thinkers a startling perspective on how judges and justices decide cases When conventional legal materials enable judges to ascertain the true facts of a case and apply clear pre-existing legal rules to them Posner argues they do so straightforwardly that is the domain of legalist reasoning However in non-routine cases the conventional materials run out and judges are on their own navigating uncharted seas with equipment consisting of experience emotions and often unconscious beliefs In doing so they take on a legislative role though one that is confined by internal and external constraints such as professional ethics opinions of respected colleagues and limitations imposed by other branches of government on freewheeling judicial discretion

Occasional legislators judges are motivated by political considerations in a broad and sometimes a narrow sense of that term In that open area most American judges are legal pragmatists Legal pragmatism is forward looking and policy based It focuses on the consequences of a decision in both the short and the long term rather than on its antecedent logic Legal pragmatism so understood is really just a form of ordinary practical reasoning rather than some special kind of legal reasoning Supreme Court justices are uniquely free from the constraints on ordinary judges and uniquely tempted to engage in legislative forms of adjudication More than any other court the Supreme Court is best understood as a political court

The Digital Person Daniel J Solove,2004 Daniel Solove presents a startling revelation of how digital dossiers are created usually without the knowledge of the subject argues that we must rethink our understanding of what privacy is what it means in the digital age before addressing the need to reform the laws that regulate it

The Oxford Guide to the United States Government John J. Patrick,Richard M. Pious,Donald A. Ritchie,2001-07-04 The Oxford Guide to the United States Government is the ultimate resource for authoritative information on the U S Presidency Congress and Supreme Court Compiled by three top scholars its pages brim with the key figures events and structures that have animated U S government for more than 200 years In addition to coverage of the 2000 Presidential race and election this Guide features biographies of all the Presidents Vice Presidents and Supreme Court Justices as well as notable members of Congress including current leadership historical commentary on past elections major Presidential decisions international and domestic programs and the key advisors and agencies of the executive branch in depth analysis of Congressional leadership and committees agencies and staff and historic legislation and detailed discussions of 100 landmark Supreme Court cases and the major issues facing the Court today In addition to entries that define legal terms and phrases and others that elaborate on the wide array of government traditions this invaluable book includes extensive back matter including tables of Presidential election results lists of Presidents Vice Presidents Congresses and Supreme Court Justices with dates of service lists of Presidential museums libraries and historic sites relevant websites and information on visiting the White House the Capitol and Supreme Court buildings A one stop comprehensive guide that will assist students educators and anyone curious about the inner workings of government The Oxford Guide to the United States Government will be a valued addition to any home library

Popular Culture and Law RichardK. Sherwin,2017-07-05 What are the consequences when law s stories and images migrate from the courtroom to the court of public opinion and from movie television and computer screens back to electronic monitors inside the courtroom itself What happens when lawyers and public relations experts market notorious legal cases and controversial policy issues as if they were just another commodity What is the appropriate relationship between law and digital culture in virtual worlds on the Internet In addressing these cutting edge issues the essays in this volume shed new light on the current status and future fate of law truth and justice in our time

Right here, we have countless books **Cardozo A Study In Reputation** and collections to check out. We additionally offer variant types and moreover type of the books to browse.
