Die Neue Pflegeversicherung Die Neue Pflegeversicherung:

The Price of German Unity Gerhard A. Ritter, 2011-05-05 The first full scale analysis of the history of German reunification with a particular emphasis on social policy showing how the transfer of the West German social policy framework to the East intensified the crisis of the German welfare state *Germany's New Long-term Care Policy* Ulrike Schneider, 1997 **Long-Term Care in Europe** Ulrich Becker, Hans-Joachim Reinhard, 2018-03-05 This book provides a comprehensive overview on the long term care systems in 12 EU member states and Norway Focusing on the legal background and its main principles it includes a comparative analysis which highlights the principal dissimilarities between European long term care benefits but at the same time also a variety of features in common It also discusses the increasingly transnational dimension of long term as a result of migrants returning to their country of origin in old age and the still unsolved legal problem of entitlement to long term care benefits in another EU member state **Der Preis der deutschen Einheit** Gerhard A. Ritter, 2007 Long-term Care for the Elderly in Europe Bent Greve, 2016-12-01 Long term care is an increasingly important issue in many contemporary welfare states around the globe given ageing populations This ground breaking book provides detailed case studies of 11 EU member states welfare regimes within Europe to show how welfare states organize structures and deliver long term care and whether there is a social investment perspective in the delivery of long term care This perspective is important because the effect of demographic transitions is often used as an argument for the existence of economic pressure on welfare states and a need for either direct retrenchment or attempts to reduce welfare state spending The book s chapters will look specifically into how different welfare states have focussed on long term care in recent years and what type of changes have taken place with regard to ageing populations and ambitions to curb increases in public sector spending in this area They describe the development in long term care for the elderly after the financial crisis and also discuss the boundaries between state and civil society in the different welfare states approaches to the delivery of care Das Recht vor der Herausforderung eines neuen Jahrhunderts: Erwartungen in Japan und Deutschland Zentarō Kitagawa, 1998 Financing High Medical Risks Companje, 2025-10-01 Across the European Union common problems and challenges have arisen related to the accessibility quality and financial sustainability of long term healthcare services which represent a new social and medical risk This book compares national policies in Norway Germany and the Netherlands and how these countries approach issues such as old age insurance home help programs and mental healthcare The contributors look at different paths of policy development identify problems faced by public and private parties and ultimately discuss possible solutions **Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen**, 2009 **Der deutsche Sozialstaat seit der Jahrhundertwende** Manfred Krapf, 2020-10-07 Im Bundestagswahlkampf 2017 nahm die Frage nach sozialer Gerechtigkeit in der deutschen Gesellschaft einen wesentlichen Raum ein ber das Ausma einer behaupteten Gerechtigkeitslücke und damit korrespondierend einer

angeblich oder tatsächlich gewachsenen Armut hat sich eine Debatte entzündet. Diese Arbeit liefert einen Beitrag zu einem adäquaten Urteil des deutschen Sozialstaates. Die Untersuchung bietet zunächst einen historischen Abriss zum deutschen Sozialstaat seit 1949 einschließlich seiner Begrifflichkeit und Strukturprinzipien sowie zur Bevölkerungsentwicklung. Im Mittelpunkt der empirisch quantitativen Bilanz seit der Jahrhundertwende steht der Output des Sozialstaates mit seinen Zweigen, seinen Adressaten, Leistungen und seiner Finanzierung. Abgeschlossen wird dieser Hauptteil durch einen Überblick über das Sozialbudget. Das Schlusskapitel diskutiert die Frage, inwieweit von einem Abbau oder Umbau des deutschen Sozialstaates in der Epoche nach dem Boom die Rede sein kann.

Social Services of General Interest in the EU Ulla Neergaard, Erika Szyszczak, Johan Willem van de Gronden, Markus Krajewski, 2012-10-30. The EU has limited legislative competence in the field of social law. However, the Member States are increasingly modernizing social services and social welfare protection, attempting to make social services more efficient by increasingly looking to the market for the provision of such services. This policy move brings social services into the radar of EU law. The EU response to this sensitive issue has resulted in a piecemeal and fragmented approach towards the treatment of a new policy area of Social Services of General Interest (SSGI) in EU law and policy. This book is a first contribution towards charting how SSGI have emerged as a special category of SGI in the EU, the reaction of the Member States and stakeholders, and how policy is being made through new governance processes, carve-outs and safe havens in legislation and soft law, especially in the light of the new values of the EU introduced by the Treaty of Lisbon 2009. It takes an interdisciplinary approach and will be of interest to lawyers, economists and political scientists who are interested in EU policy making as well as practitioners, EU and national policy makers. Ulla Neergaard is Professor of EU law at the Faculty of Law, University of Copenhagen, Denmark. Erika Szyszczak is a Jean Monnet Professor of European Law and personam Professor of European Competition and Labour Law at the University of Leicester, Barrister Littleton Chambers, UK. Johan W. van de Gronden is Professor of European Law at the Radboud University of Nijmegen, The Netherlands. Markus Krajewski is Professor of Public and International Law at the University of Erlangen-Nuremberg.
