Transitions: Methods, Theory, Politics Tom Brass,2022-08-22 The focus of this volume is on political discourse about the pattern and desirability of economic development and how why historical interpretations of social phenomena connected to this systemic process alter It is a trajectory pursued here with reference to the materialism of Marxism via the mid nineteenth century ideas about race through the development decade the cultural turn debates about modes of production and their respective labour regimes culminating in the role played by immigration before and after the Brexit referendum Also examined is the trajectory followed by travel writing and how many of its core assumptions overlap with those made in the social sciences and development studies The object is to account for the way concepts informing these trajectories do or do not alter

Transitions Austrian Association for American Studies. Conference,2006 This book is about transitions the manifold and dynamic process of change and exchange variety and variation difference and diversity migration and globalisation Contributions emphasize issues of race and ethnicity in the American cultural context look at class based gender oriented religious political historical social and cultural negotiations and question the meaningfulness of distinctions and boundaries in today s fast changing world Contributions include analyses of historical changes from Brown vs Board of Education to 9 11 examinations of cultural transitions from regional identity to migratory artists as well as explorations of literary adaptations ranging from Affrilachian poetry to cyberspace narrativity

Power Transitions Corbin Shepherd,AI,2025-05-06 Power Transitions examines how societies navigate leadership change and political restructuring

drawing from historical case studies to understand contemporary political climates The book highlights that successful transitions depend not just on new leadership but on the adaptability of existing institutions It explores key dynamics such as succession crises examining how competing factions vie for control and institutional reforms that can inadvertently destabilize power structures The book progresses from establishing a conceptual framework to analyzing historical examples thematically incorporating primary sources and quantitative data to support its assessments It further explores lessons learned from these cases to contemporary political scenarios offering insights for policymakers and citizens The study also acknowledges external influences like foreign intervention and the impact of geopolitical dynamics This interdisciplinary analysis aimed at students policymakers and anyone interested in political change fills a gap by offering a comparative perspective on leadership shifts By understanding these patterns readers can gain a deeper understanding of what contributes to successful or unsuccessful power transitions including emerging challenges like technological disruption and transnational movements
