Critical Issues In Religious Education:

Critical Issues in Religious Education Oliver Brennan, 2005 This book explores the meaning and identity of religious education within the cultural context of today *Challenges for Religious Education* Richard Pring, 2019-11-19 Major social changes especially as a result the more multicultural nature of society have raised important issues about the teaching of religion and the rational basis of different religious faiths *Challenges for Religious Education* addresses and critically examines these changes and asks where religious education and Faith Schools fit within secular society and indeed whether there is still a place for them at all Analysing what religious education could look like if it were considered from a wider world views perspective that doesn't focus on a particular set of religious beliefs this book considers the reasonableness of holding a faith and therefore in teaching it the ongoing tensions between faith and reason arguments for and against the study of religious education whether modern secular thought is itself an ideology and the philosophical standpoints on the relationship between faith and reason Linking faith and reason with the issue of whether religious education is truly necessary in a modern world *Challenges for Religious Education* is a crucial read for anyone interested in the future of religious education teaching in a secular society **Critical Perspectives on Christian Education** Jeff Astley, Leslie J. Francis, 1994 **Challenges for Religious Education** Richard Pring, 2019-12-19 Major social changes especially as a result the more multicultural nature of society have raised important issues about the teaching of religion and the rational basis of different religious faiths *Challenges for Religious Education* addresses and critically examines these changes and asks where religious education and Faith Schools fit within secular society and indeed whether there is still a place for them at all Analysing what religious education could look like if it were considered from a wider world views perspective that doesn't focus on a particular set of religious beliefs this book considers the reasonableness of holding a faith and therefore in teaching it the ongoing tensions between faith and reason arguments for and against the study of religious education whether modern secular thought is itself an ideology and the philosophical standpoints on the relationship between faith and reason Linking faith and reason with the issue of whether religious education is truly necessary in a modern world *Challenges for Religious Education* is a crucial read for anyone interested in the future of religious education teaching in a secular society *Critical Issues in Education* Jack L. Nelson, Stuart B. Palonsky, Mary Rose McCarthy, 2017-07-27 Few subjects engender more strongly held beliefs and contrary views than education The outcomes of debates over education and educational reform impact all citizens Media coverage of these controversies is sometimes shallow and one sided fostering the need to develop critical thinking skills These skills in turn open opportunities for personal growth joining the public debate and helping others participate in critical discussions The authors of *Critical Issues in Education* present two opposing positions for each of sixteen different hot button issues including multiculturalism school finance charter schools teacher evaluation cyberbullying and gender equity Prospective teachers will find the authors approach eye opening and stimulating

Ideally they will teach these valuable skills to their students who will prosper academically and personally from understanding and considering diverse viewpoints *Critical Issues in South African Education After 1994* Thobeka Vuyelwa Mda,Matoane Steward Mothata,2000 This title seeks to provide a reflection on the transformation of South Africa s education system It traces the rationale behind various acts and policies takes a critical look at the realities of implementation and offers projections regarding possible future directions Religious Education in a Pluralist Society John Edwards,Peter R. Hobson,2019-07-12 Religious education in liberal pluralist societies such as the UK the USA and Australian underwent radical change in the 1980s and 1990s with a major shift towards multi faith educationally oriented programmes This has meant significant modifications to both the content and the methodology of religious education courses and to the way they are conceived of and taught in schools and universities One important implication of this change for the teaching and study of religion today is the need for a philosophical dimension that deals with issues such as the truth status of religious statements and the moral acceptability of religious claims This dimension is often insufficiently developed this lack is made more critical by the multiple competing truth claims of various religions giving rise to such contentious problems as the growth of fundamentalism increasing religious intolerance and conflict and differences of opinion on central moral problems such as birth control abortion and euthanasia This text attempts to provide the philosophical underpinning that the study and teaching of religion in modern societies requires **Does Religious Education Matter?** Mary Shanahan,2016-07-28 In the current climate and in an age of increasing hostility towards religion and the study of religion religious education is a much debated area Bringing together an interdisciplinary team of contributors from the USA Britain and Ireland and Australia representing a variety of religious perspectives Does Religious Education Matter provocatively demonstrates that it is vital that religious education is presented as it really is a valuable and rich resource that when taught and engaged with appropriately stimulates essential qualities for global and responsible citizenship critical thinking tolerance respect and mutual understanding Debates in Religious Education L. Philip Barnes,2011-07-07 What are the key debates in Religious Education teaching today Debates in Religious Education explores the major issues all RE teachers encounter in their daily professional lives It encourages critical reflection and aims to stimulate both novice and experienced teachers to think more deeply about their practice and link research and evidence to what they have observed in schools This accessible book tackles established and contemporary issues enabling you to reach informed judgements and argue your point of view with deeper theoretical knowledge and understanding Taking account of recent controversy and challenging assumptions about the place of religion in education expert contributors cover key topics such as Effective pedagogy in RE teaching Exploring thinking skills and truth claims The relationship of science and religion in the classroom The place of school worship in contemporary society The role of RE in spiritual and moral development Diversity in the RE classroom With its combination of expert opinion and fresh insight Debates in Religious Education is the ideal companion for any student or

practising teacher engaged in initial training continuing professional development and Masters level study Global Perspectives on Catholic Religious Education in Schools Michael T. Buchanan, Adrian-Mario Gellert, 2019-03-01 This book shares global perspectives on Catholic religious education in schools chiefly focusing on educational and curriculum issues that take into account the theology and the pedagogy which support learning in connection with Catholic religious education. Further it offers insights into the distinctive contribution that Catholic religious education makes to religious education and education in general across diverse schooling contexts. Bringing together insights from leading scholars and experts on Catholic religious education around the globe, the book offers an essential reference guide for all those involved in researching, planning and designing curricula for Catholic religious education as well as developing related theories in the field.
