Rule of Law in War Travers McLeod, 2015 War and security have traditionally been held up as two areas where it is largely assumed international law has little influence on state action. Rule of Law in War shows that it is possible to isolate the impact of rules and to do so in areas that have historically been impenetrable. **Social Class on British and American Screens** Nicole Cloarec, David Haigron, Delphine Letort, 2016-01-28 At a time when debates about social inequality are in the spotlight it is worth examining how the two most popular media of the 20th and 21st centuries film and television have shaped the representation of social classes. How do generic conventions determine the representation of social stereotypes? How do filmmakers challenge social class identification? How do factors such as national history, geography and gender affect the representation of social classes? This collection of new essays explores these and other questions through an analysis of a wide range of American and British productions from sitcoms and reality TV to documentaries and auteur cinema from the 1950s to the present. **Current Law Index**, 2002 **Equality Deferred** Dominique Clément, 2014-05-06 In Equality Deferred Dominique Clément traces the history of sex discrimination in Canadian law and the origins of human rights legislation demonstrating how governments inhibit the application of their own laws and how it falls to social movements to create, promote and enforce these laws. Focusing on British Columbia the first jurisdiction to prohibit discrimination on the basis of sex Clément documents a variety of absurd almost unbelievable acts of discrimination. The province was at the

forefront of the women's movement which produced the country's first rape crisis centres first feminist newspaper and first battered women's shelters And yet nowhere else in the country was human rights law more contested For an entire generation the province's two dominant political parties fought to impose their respective vision of the human rights state This history of human rights law based on previously undisclosed records of British Columbia's human rights commission begins with the province's first equal pay legislation in 1953 and ends with the collapse of the country's most progressive human rights legal regime in 1984 This book is not only a testament to the revolutionary impact of human rights on Canadian law but also a reminder that it takes more than laws to effect transformative social change *Understanding Human Dignity* Christopher McCrudden, 2013-11-21 The concept of human dignity has become central to politics law and theology but is little understood This book presents a wide ranging collection of edited essays from specialists in law theology politics and history and seeks to define the main areas of current debates about the concept in these disciplines **Human Rights in a Globalizing World** Darren J O'Byrne, 2015-10-25 A stimulating theoretically driven examination of the relationship between human rights and the globalizing process In scrutinising the impacts of different aspects of globalization on the language and structure of human rights the book gives readers a deeper more nuanced understanding of the issues and questions key to the topic **The Culture of the Second Cold War** Richard Sakwa, 2025-02-04 The work examines the metapolitics of the Second Cold War The focus is less on the detailed analysis of diplomatic history and processes in international politics and more on the underlying attitudes and ideologies that have generated and sustained Cold War 2 The work examines the definition of a Cold War and reasons for the persistence of this form of international politics as well as the clash over interpretations of the causes of renewed conflict The work then looks at how this Cold War is being conducted including renewed militarism the suppression of dissent the decline of diplomacy and the reduced opportunities for dialogue The instruments of the Cold War 2 include sanctions and the reinterpretation of history and memory wars Many of the familiar methods drawn from Cold War 1 are now applied but in novel ways to reflect technological change as well as the different ideological contexts The position of the global South in this Cold War is examined and the work ends with some reflections on possible ways this Cold War could end Policy-Driven Democratization Peride K.
