Joachim Krause, Sebastian Bruns

Combatant Commands Origins Structure And Engagements Praeger Security International:

Combatant Commands Cynthia A. Watson, 2010-12-16 A one stop resource for information about U S military commands and their organizations this book describes the six geographic combat commands and analyzes their contributions to national security The first book on the topic Combatant Commands Origins Structure and Engagements is a unique introduction to the geographic commands that are now at the heart of the U S military deployment abroad The book begins with a description of the six commands Northern Command Pacific Command Central Command Southern Command European Command and Africa Command explaining how they fit into the current national security establishment Each command is discussed in depth including areas of responsibility subcommands priorities threats faced and engagement institutions The history of joint combatant commands is outlined as well particularly the impact of the Root Reforms of the early 20th century the push for the 1947 National Security Act and the 1986 Goldwater Nichols Military Reform Act In this way the evolution of combatant commands becomes a window through which to view changes in the U S military Geographic combatant commands are vital to national security By understanding how they work readers will better understand where our military is today and where it may be headed **Professional Journal of the United States Army**, 2015 **Space**

Strategy and Military Doctrine Bert Chapman, 2025-07-24 Examining open access civilian and military space policy strategy and doctrine documents this book highlights emerging trends and developments in military space strategy Bert Chapman collects public documents from Australia Canada the European Union NATO the United States and the United Kingdom from 2017 onward to illustrate space s critical importance to national and international security and to multiple areas of civilian economic and personal use including climate change food security personal and global communications and the potential for expanded space exploration In light of recent revelations that Russia may be capable and desirous of exploding nuclear weapons in space to damage civilian and military space based infrastructures of the U S and other countries and China s increasing space assertiveness and capabilities it is more important than ever that civilian readers have the access and background knowledge necessary to parse publicly available documents relating to space strategy so that they may effectively participate in the legislative and regulatory policymaking processes of their governments

Military Review, 2015 **Mission Creep** Gordon Adams, Shoon Kathleen Murray, 2013-11-04 Mission Creep The Militarization of US Foreign Policy examines the question of whether the US Department of Defense DOD has assumed too large a role in influencing and implementing US foreign policy while confronting the challenges arising from terrorism Islamic radicalism insurgencies ethnic conflicts and failed states **Contemporary Security Issues in Africa** William A. Taylor, 2018-12-07 As a comprehensive resource for readers interested in contemporary security issues in Africa this compelling book details the impact of complex challenges in Africa and explains why addressing them grows increasingly important Presenting both general overviews and specific case studies this book introduces contemporary security issues in

Africa home to more than thirty of the fifty most fragile nations in the world It covers the past three decades of conflict on the continent focusing on such topics as weak and failing states ethnic conflict and civil wars natural resources and environmental security political violence and terrorism piracy and maritime security food security and poverty international responses and future prospects The core of the book comprises detailed analysis of the nexus between culture politics and security in Africa while the volume as a whole examines key regional and transnational security issues affecting Africa and their implications at the state regional and international levels The book explores the dynamic role that African nations play in influencing international security and investigates and articulates factors heightening the importance of Africa s role in international affairs

Routledge Handbook of Naval Strategy and Security Joachim Krause,Sebastian

Bruns,2016-03-17 This new handbook provides a comprehensive overview of the issues facing naval strategy and security in the twenty first century Featuring contributions from some of the world s premier researchers and practitioners in the field of naval strategy and security this handbook covers naval security issues in diverse regions of the world from the Indian Ocean and the Mediterranean to the Arctic and the piracy prone waters off East Africa s coast It outlines major policy challenges arising from competing claims transnational organized crime and maritime terrorism and details national and alliance reactions to these problems While this volume provides detailed analyses on operational judicial and legislative consequences that contemporary maritime security threats pose it also places a specific emphasis on naval strategy With a public very much focused on the softer constabulary roles naval forces play such as humanitarian assistance disaster relief naval diplomacy maintenance of good order at sea the overarching hard power role of navies has been pushed into the background In fact navies and seapower have been notably absent from many recent academic discussions and deliberations of maritime security This handbook provides a much desired addition to the literature for researchers and analysts in the social sciences on the relationship between security policy and military means on land and from the sea It comprehensively explains the state of naval security in this maritime century and the role of naval forces in it This book will be of much interest to students of naval security and naval strategy security studies and IR as well as practitioners in the field

Encyclopedia of Military Science G. Kurt Piehler,2013-07-24 The Encyclopedia of Military Science provides a comprehensive ready reference on the organization traditions training purpose and functions of today s military Entries in this four volume work include coverage of the duties responsibilities and authority of military personnel and an understanding of strategies and tactics of the modern military and how they interface with political social legal economic and technological factors A large component is devoted to issues of leadership group dynamics motivation problem solving and decision making in the military context Finally this work also covers recent American military history since the end of the Cold War with a special emphasis on peacekeeping and peacemaking operations the First Persian Gulf War the events surrounding 9 11 and the wars in Afghanistan and Iraq and how the military has been changing in relation to these events

Click here to read an article on The Daily Beast by Encyclopedia editor G Kurt Piehler Why Don t We Build Statues For Our War Heroes Anymore AFRICOM at 5 Years David Edward Brown,2013 The U S Africa Command AFRICOM newest of the six U S Department of Defense geographic combatant commands CCMDs was created in 2007 amid great controversy in both Africa and the United States over its location and mission Over the last 5 years AFRICOM has matured greatly overcoming much of the initial resistance from African stakeholders through careful public messaging and by addressing most of the U S interagency concerns about the Command s size and proper role within the U S national security foreign policy community This Letort Paper describes the geostrategic operational and intellectual changes that explain why AFRICOM was created and debunks three myths about AFRICOM that it was created to exploit Africa s oil and gas riches blocks China s rise in Africa and that France opposes AFRICOM The author concludes by raising five issues that are important to AFRICOM s future 1 allocated forces to carry out short term training engagements in Africa 2 preference to emerging democracies in the selection of the Command s partner nations 3 the desirability of regional approaches in Africa including helping the African Union and its Regional Economic Communities to establish standby brigades 4 the location of the Command s headquarters which should remain in Stuttgart Germany for operational efficiency and 5 the need to carry out a top down right sizing exercise at AFRICOM during a time of severe budget constraints and a real risk for the United States of strategic insolvency
