Information Architecture Louis Rosenfeld, Peter Morville, Jorge Arango, 2015-09-09 Annotation The fourth edition of this guide focuses on information architecture as a set of tools and techniques for dealing with today's tough information organization problems. It's ideal for anyone involved in any aspect of design. The universal and timeless principles of information organization described in the book's first three editions still apply in our increasingly mobile world. In the fourth edition, the authors cast those principles in the context of current practice using many updated examples and illustrations. *The Mama Sutra* Anne Cushman, 2019-04-16 A beautifully written and self-revealing memoir of motherhood in all its messy glory as a spiritual practice by a longtime yoga and dharma teacher. Tara Brach, author of *Radical Acceptance*. Sutra is the Sanskrit name for a short spiritual teaching, and it comes from the same root as the English word suture or stitch. This story of motherhood as a path to awakening is says yoga and meditation teacher Anne Cushman an homage to the long threads that run through all human lives, stitching up what's shredded in our hearts. *The Mama Sutra* spans an eighteen-year journey through motherhood as a spiritual practice, chronicling Cushman's first pregnancy, her daughter's tragic stillbirth, the joyful birth of her son, the home retreat of early motherhood, the challenges of parenthood, the diagnosis and gifts of her son's developmental differences, the meltdown of her nuclear family and its reconfiguration into a new and joyful form, and more. This is a powerful story of the rawness and beauty of life. *Internet Annoyances* Preston Gralla, 2005 Based on real-world gripes supplied by Internet users from domains far and wide, *Internet Annoyances* shows you how to wring the most out of the Internet and Web without going crazy.
