Capital, Class & Technology In Contemporary American Culture Nick Heffernan, 2000-12-20 brilliantly original brings cultural and post colonial theory to bear on a wide range of authors with great skill and sensitivity Terry Eagleton

Capital, Class & Technology In Contemporary American Culture Nick Heffernan, 2000-12-20 In the tradition of Mike Davis and Fredric Jameson Nick Heffernan engages in a series of meditations on capital class and technology in contemporary America He turns to the stories we generate and tell ourselves via fiction film journalism theory to see how change is registered By investigating a variety of texts he observes how structural change affects the way people organise their lives economically socially and culturally Case studies include Ridley Scott's Blade Runner William Gibson's cyberspace trilogy Thomas Pynchon's The Crying of Lot 49 and Wim Wenders's Until the End of the World Using the links between narrative cultural forms and the process of historical understanding he brings together debates that have so far been conducted largely within the separate domains of political economy social theory and cultural criticism to provide a compelling analysis of contemporary cultural change By relocating postmodernism in the context of changing modes of capitalism Heffernan puts the question of class and class agency back at the centre of the critical agenda Capital, Class & Technology in Contemporary American Culture Nick Heffernan, 2000-12-20 In the tradition of Mike Davis and Fredric Jameson Nick Heffernan engages in a series of meditations on capital class and technology in contemporary America He turns to the stories we generate and tell ourselves via fiction film journalism theory to see how change is registered By investigating a variety of texts he observes how structural change affects the way people organise their lives economically socially and culturally Case studies include Ridley Scott's Blade Runner William Gibson's cyberspace trilogy Thomas Pynchon's The Crying of Lot 49 and Wim Wenders's Until the End of the World Using the links between narrative cultural forms and the process of historical understanding he brings together debates that have so far been conducted largely within the separate domains of political economy social theory and cultural criticism to provide a compelling analysis of contemporary cultural change By relocating postmodernism in the context of changing modes of capitalism Heffernan puts the question of class and class agency back at the centre of the critical agenda *Emerging Digital Spaces in Contemporary Society* Phillip Kalantzis-Cope, Karim Gherab-Martin, 2010-12-08 Analyzing the relationship between digital technologies and society this book explores a wide range of complex social issues emerging in a new digital space It examines both the vexing dilemmas with a critical eye as well as prompting readers to think constructively and strategically about exciting possibilities Fictions of Globalization James Annesley, 2009-02-01 The globalization debate has become a dominant question in many disciplines but has only tended to be covered within literary studies in the context of postcolonial literature This book focuses on reading contemporary novels in relation to globalization The Working Class and Twenty-First-Century British Fiction Phil O'Brien, 2019-12-05 The Working Class and Twenty First Century British Fiction

looks at how the twenty first century British novel has explored contemporary working class life Studying the works of David Peace Gordon Burn Anthony Cartwright Ross Raisin Jenni Fagan and Sunjeev Sahota the book shows how they have mapped the shift from deindustrialisation through to stigmatization of individuals and communities who have experienced profound levels of destabilization and unemployment O'Brien argues that these novels offer ways of understanding fundamental aspects of contemporary capitalism for the working class in modern Britain including class struggle inequality trauma social abjection racism and stigmatization exclusively looking at British working class literature of the twenty first century

Marxism Goes to the Movies Mike Wayne, 2019-11-28 Introducing the key concepts and thinkers within the Marxist tradition *Marxism Goes to the Movies* demonstrates their relevance to film theory and practice past and present Author Mike Wayne argues that Marxist filmmaking has engaged with and transformed this popular medium developing its potential for stimulating revolutionary consciousness As the crisis of capitalism deepens this history and these resources are vital for a better future Marxism is one of the few approaches that can bring together political economic formal and cultural analysis into a unified approach of studying film and how films in turn can help us understand and even critically interrogate these forces The book examines how filmmakers who have been influenced by Marxism have made some of the most significant contributions to film culture globally and provides historical perspective on the development of Marxism and film Each chapter covers a broad theme that is broken down into sections that are cross referenced throughout providing helpful navigation of the material Clear and concise in its arguments this is an ideal introduction for students of Marxism and film inviting readers to deepen their knowledge and understanding of the subject

Brooklyn Fictions James Peacock, 2014-11-20 Vast and diverse Brooklyn is often portrayed in literature as a place of traditional community values and face to face relations distinct from anonymous capital driven Manhattan *Brooklyn Fictions* discovers what such representations of the New York borough can teach us about diversity and the individual the local and the global Combining analysis of popular texts such as Sister Souljah's *The Coldest Winter Ever* with more canonical novels such as Jonathan Lethem's *The Fortress of Solitude* this study draws on the work of a variety of theorists on community and globalization and uses Brooklyn as a case study for an exploration of the complex relationship between romantic ideals of community and global economic forces With cities often depicted as sites of conflict and fear this is a crucial contribution to our understanding of the contemporary urban community and the ethical issues involved in conceptualizing and portraying it in literature

Reaganism, Thatcherism and the Social Novel C. Hutchinson, 2008-10-31 The social novel is the traditional haunt of the liberal conscience What does the triumph of the New Right mean for this type of fiction in Britain and the US Should the liberal left seek consensus or assertion This book examines these issues and assesses the state of both nations as

well as that of the contemporary novel
