Dayton® Portable Electric Heaters

Description

This is an electric, forced air heater. It is primarily intended for temporary heating of buildings under construction, alteration or repair. This heater circulates the room air to gradually and continuously heat the space. The heater is constructed with a high quality heating element, and is supplied with front and rear safety screens. It comes with a high limit temperature switch, with automatic reset and a thermostat control with a fan-only option. Note that each heater can be used as a portable model, or wall or ceiling mounted with the optional wall/ceiling mount kit. It is not intended for use in residential applications.
