Epilogue | The Dark Duet CJ Roberts, 2013 BOOK 3 OF THE DARK DUET I m writing this because you begged You know how I love the begging In fact you probably know too many things and know them far too well Who am I Well that s what I m trying to figure out I was a whore in my youth a killer since my adolescence and a monster as a man I am the man who kidnapped Livvie I am the man who held her in a dark room for weeks But most

importantly I am the man she loves She loves me It s quite sick isn t it Of course there s more to our story than can be surmised in a few short sentences but I m at a loss for justifying my behavior back then I assume if you re reading this I don t need to make those justifications You ve already made your own You re reading this because you want to know about the rest of the story You want to know what happened that warm summer night in September of 2010 the night I met Livvie at The Paseo It was the night my life changed all over again It didn t happen exactly as Livvie said She s been very kind to me in the retelling of our story The truth is far more complicated

Dangerous Love: Writing Romantic Suspense Rachelle Ayala, Are you interested in writing a thrilling romantic suspense but not sure how to start Do you love reading romantic suspense novels and wonder how they re put together Romantic suspense is one of the most popular subgenres of romance to write However it isn t easy to juggle a strong and compelling romantic relationship with the intrigue and suspense of a well crafted thriller In this book you ll learn The

expected elements of a romance The expected elements in a suspense The different types of heroes and heroines How to design a worthy villain The eight basic romantic suspense plot types How to blend romantic and suspenseful story elements in an organic way When and where to choreograph romantic and sexy scenes between the breakneck pace of action and danger How to start a romantic suspense with the meet cute or the crime How to structure and develop each of the eight romantic suspense plot types o The Protector o The Investigation o The Pursuit o The Mission o The Secret o The Underworld o The Victimized o The Disturbed How to pants a romantic suspense How to plan and write a romantic suspense series Recommended reading for each plot type I m been writing for over ten years and have currently written and published more than sixty romances and romantic suspense novels I learned everything I could about story structure writing romances and reading mystery and suspense thrillers however it was hard to find books or courses on writing romantic suspense Therefore after reading hundreds of romances mysteries thrillers and romantic suspense novels and studying story structure and characterization as well as on the job writing and critiquing I put together this book to help you write thrilling and successful romantic suspense novels Representing Kink Sara K. Howe,Susan E. Cook,2019-09-06 Representing Kink raises awareness about non normative texts and non normative erotic practices and desires It defines kink broadly encompassing a range of inappropriate texts and understanding it in frequent reference to non normative erotic fantasies and experiences Kink is treated as both a set of practices as well as a category of texts at the nexus of subject and form In addition to canonical texts that take up erotic and marginalized themes the collection also studies forms that are themselves fringe and feature kink taboo literature self published erotica SM narratives fan fiction role playing games and other disavowed texts The purpose of this study is to focus attention on the margins of an already marginalized subject in order to highlight the extent to which non normative textuality and eroticism both shape and are shaped by culture and context It sheds light on a category of subjects that is at once mainstream in the form of texts such as Fifty Shades of Grey and yet nevertheless repeatedly disparaged and undertheorized This book advocates for conversations about kinky texts that transcend dichotomous frameworks of good and bad and normal and deviant thinking instead in new theoretically rigorous and flexible directions
